**QUESTION 1**

When Ellen is installing a portlet so it is available for users, from where must the new portlet be installed?

- A. Use FTP to copy the portlet to the server; it does not matter from where.
- B. The portlet must be placed on a staging server and replicated to the Workplace Service Express server.
- C. The portlet must be available on a local or mapped network drive in order for her to be able to install it.
- D. The portlet must be moved to the Workplace Services Express server, no matter where the administrator is located.

Answer: C

---

**QUESTION 2**

One template in George's Workplace Services Express deployment has been modified from another template, and no longer fits the description of the original. What can be changed to make the template appear differently in the list of template types?

- A. Template section
- B. Template category
- C. Template title
- D. Template name

Answer: B

---

**QUESTION 3**

In addition to backing up and restoring the install\_root\AppServer and install\_root\PortalServer subdirectories, what else should Christa backup to maintain a solid restore point?

- A. Web server files
- B. Operating system files
- C. Portal databases and LDAP servers, in parallel
- D. Log files

Answer: C

---

**QUESTION 4**

Why would Judy want to set up policy notifications?

- A. To send messages nightly indicating that backup was completed without incident
- B. To provide notifications to system administrators that disk space is low
- C. To provide notification when a Workplace application has exceeded its limit, or is close to its policy limits

D. To alert users of the policies governing use of the Workplace Services Express server

Answer: C

---

**QUESTION 5**

Bob is a new Workplace Services Express administrator. What tasks can he perform using the Template Library?

- A. Import and export templates as XML only
- B. Create new templates, import and export template XML, assign roles for template access (Template Editor or Template User), delete templates, and open the template editor
- C. Edit templates and assign roles only
- D. Assign roles only

Answer: B

---

**QUESTION 6**

William is preparing to export a template to XML for use on another Workplace Services Express server. Where is this capability exposed?

- A. In the WebSphere Administration Console
- B. In the Template Library
- C. In the Administration panel
- D. In the Template Policies Panel

Answer: B

---

**QUESTION 7**

When restoring IBM HTTP web server files, where does Judy copy the files?

- A. She copies them to the <wse>\AppServer\servers\http\ directory
- B. She copies them to the alias directory on the network device serving HTTP
- C. She copies them to the <wse>\PortalServer\bin directory
- D. She copies them to the \IBMHTTPServer directory, or the installation directory if different

Answer: D

---

**QUESTION 8**
