310-330

Sun

Sun Certified Systems Installer for Sun Cluster 3.X

<http://www.ipass4sure.com/exams.asp?examcode=310-330>

The 310-330 practice exam is written and formatted by Certified Senior IT Professionals working in today's prospering companies and data centers all over the world! The 310-330 Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently. The 310-330 exam is very challenging, but with our 310-330 questions and answers practice exam, you can feel confident in obtaining your success on the 310-330 exam on your FIRST TRY!

Sun 310-330 Exam Features

- Detailed questions and answers for 310-330 exam
- Try a demo before buying any Sun exam
- 310-330 questions and answers, updated regularly
- Verified 310-330 answers by Experts and bear almost 100% accuracy
- 310-330 tested and verified before publishing
- 310-330 examcollection vce questions with exhibits
- 310-330 same questions as real exam with multiple choice options

Acquiring Sun certifications are becoming a huge task in the field of I.T. More over these exams like 310-330 exam are now continuously updating and accepting this challenge is itself a task. This 310-330 test is an important part of Sun certifications. We have the resources to prepare you for this. The 310-330 exam is essential and core part of Sun certifications and once you clear the exam you will be able to solve the real life problems yourself. Want to take advantage of the Real 310-330 Test and save time and money while developing your skills to pass your Sun 310-330 Exam? Let us help you climb that ladder of success and pass your 310-330 now!

QUESTION 1

What is the main function of the terminal server?

- A. provide remote console access to cluster nodes
- B. provide ssh access to cluster nodes
- C. provide telnet access to cluster nodes
- D. provide secure console access to the administrative workstation

Answer: A

QUESTION 2

Which slice on the rootdisk (c0t0d0) can be used for local state database replicas?

- A. slice 3
- B. slice 6
- C. slice 1
- D. any free slice
- E. slice 0

Answer: D

QUESTION 3

In which case is it unnecessary to register a disk group in the Sun Cluster environment?

- A. if it is a local disk group other than rootdg
- B. if it is a shared disk group used in CVM installation
- C. if the disk group already exists
- D. if it is a disk group configured with internal disks
- E. if the disk group is imported manually

Answer: B

QUESTION 4

What setup allows you to call `apachectl start` to test your configuration before it is integrated into the cluster and have it find your `httpd.conf` file, regardless of its location?

- A. Make sure you put your configuration file in `/etc/apache`. This is the only place it can go.
- B. It is impossible to manually test your apache configuration before you set up the resources and resource groups.
- C. Manually edit the `apachectl` script (or a copy) and set it up to start the `httpd` daemon with a `-f` option pointing to your configuration file.
- D. You do not need to set up anything. The `apachectl start` command searches your file system for possible `httpd.conf` files and presents you a menu of what you want to use.

Answer: C

QUESTION 5

Which statement regarding the private network is true?

- A. The SCI interface is supported in a Sun Cluster 3.x environment for sbus IO boards.
- B. SCI cables must be attached in a point-to-point configuration for all two-node clusters.
- C. SCI cables must be attached using switches for all two-node clusters.
- D. The SCI interface is supported in a Sun Cluster 3.x environment for PCI IO boards.

Answer: D

QUESTION 6

Which is an advantage of having /local/oracle-bin on a local disk group (i.e. localdg) which is only connected to one node, instead of having it as a file system in rootdg?

- A. VxVM will always by default set up a local disk group localdg.
- B. Your "oracle-bin" can only survive a VxVM upgrade if it is not in rootdg.
- C. A file system on a local disk group is always mounted, i.e. "oracle-bin" is always available.
- D. If upgrading the Solaris OS, you do not have to restore "oracle-bin" as it can be imported and mounted after the upgrade if it is not in rootdg.

Answer: D

QUESTION 7

Which two packages contain the Distributed Lock Manager of Oracle9i RAC on Sun Cluster 3.0? (Choose two.)

- A. SUNWudlmr
- B. SUNWdlm
- C. ORCLudlm
- D. VRTSdlm

Answer: A,C

QUESTION 8

Which two resources does the EIS CD-ROM include to enable the delivery of high-quality, consistent, and supportable installations for Sun equipment? (Choose two.)

- A. Solaris software
- B. Technical installation checklists
- C. All necessary application software for the installation
- D. Defined set of deliverables

Answer: B,D

QUESTION 9

Which Sun TC command terminates a telnet connection to the TC?

- A. exit
- B. bye
- C. quit
- D. hangup

Answer: D

QUESTION 10

What mechanism ensures that a shared CVM disk group is properly imported at cluster boot time?

- A. the standard device group infrastructure (visible with scstat -D)
- B. extra cluster boot pieces included in the extra Sun Cluster packages required to support CVM
- C. No mechanism does it automatically. You must manually import the disk group if you are rebooting the whole cluster.
- D. the standard resource group infrastructure (visible with scstat -g)

Answer: B

QUESTION 11

In which case is it unnecessary to register a disk group in the Sun Cluster environment?

- A. if it is a disk group configured with internal disks
- B. if it is a shared disk group used in CVM installation
- C. if the disk group is imported manually
- D. if it is a local disk group other than rootdg
- E. if the disk group already exists

Answer: B

QUESTION 12

Where is the ccp binary located?

- A. /etc/opt/SUNWccn/bin
- B. /opt/SUNWcluster/bin
- C. /etc/opt/SUNWcluster/bin
- D. /usr/cluster/bin
- E. /usr/opt/SUNWcluster/bin

Pass4sure Certification Exam Features;

- Pass4sure offers over **2500** Certification exams for professionals.
- More than **98,800** Satisfied Customers Worldwide.
- Average **99.8%** Success Rate.
- Over **120** Global Certification Vendors Covered.
- Services of **Professional & Certified Experts** available via support.
- Free **90 days** updates to match real exam scenarios.
- **Instant Download Access!** No Setup required.
- Price as low as **\$19**, which is 80% more **cost effective** than others.
- **Verified answers** researched by industry experts.
- Study Material **updated** on regular basis.
- Questions / Answers are downloadable in **PDF** format.
- Mobile Device Supported (**Android, iPhone, iPod, iPad**)
- **No authorization** code required to open exam.
- **Portable** anywhere.
- **Guaranteed Success.**
- **Fast**, helpful support **24x7**.
