*Apache Webserver*

<http://www.ipass4sure.com/exams.asp?examcode=3X0-202>

The 3X0-202 practice exam is written and formatted by Certified Senior IT Professionals working in today's prospering companies and data centers all over the world! The 3X0-202 Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently. The 3X0-202 exam is very challenging, but with our 3X0-202 questions and answers practice exam, you can feel confident in obtaining your success on the 3X0-202 exam on your FIRST TRY!

## Sair 3X0-202 Exam Features

- Detailed questions and answers for 3X0-202 exam
- Try a demo before buying any Sair exam
- 3X0-202 questions and answers, updated regularly
- Verified 3X0-202 answers by Experts and bear almost 100% accuracy
- 3X0-202 tested and verified before publishing
- 3X0-202 examcollection vce questions with exhibits
- 3X0-202 same questions as real exam with multiple choice options

Acquiring Sair certifications are becoming a huge task in the field of I.T. More over these exams like 3X0-202 exam are now continuously updating and accepting this challenge is itself a task. This 3X0-202 test is an important part of Sair certifications. We have the resources to prepare you for this. The 3X0-202 exam is essential and core part of Sair certifications and once you clear the exam you will be able to solve the real life problems yourself. Want to take advantage of the Real 3X0-202 Test and save time and money while developing your skills to pass your Sair 3X0-202 Exam? Let us help you climb that ladder of success and pass your 3X0-202 now!

- A. Rerwrite 5; URL = <http://www.site.com/>
- B. Location 5; URL = <http://www.site.com/>
- C. Refresh 5; URL = <http://www.site.com/>
- D. Reload <http://www.site.com/> -t 5
- E. Direct -t 5 <http://www.site.com/>

Answer: C

---

**QUESTION 3**

Cookies can be used by Apache to create a click stream log of user activity. However, for the cookies to work, Apache must be compiled with the \_\_\_\_\_ module, then the \_\_\_\_\_ directive must be added to the httpd.conf file.

- A. mod\_usertrack; Cookie Tracking on
- B. mod\_cookies; Cookies on}
- C. mod\_cookies; cookie Tracking on
- D. mod\_cookies; Cookie logging on
- E. mod\_userlog, cookie logging on

Answer: A

---

**QUESTION 4**

Which of the following are TRUE regarding containers in httpd.com? (Choose two.)

- A. Containers consist of a Paired set of delimiters.
- B. If two containers contradict, the first is applied.
- C. Containers may only be applied globally.
- D. Containers allow individual virtual hosts to have their own settings.

Answer: A, D

---

**QUESTION 5**

Which of the following best explains why Apache Web servers are able to handle multiple requests?

- A. In addition to port 80, Apache opens ports 8080,8000, and others to handle the additional requests.
- B. Apache is able to spawn child processes that handle requests before they die.
- C. Apache uses the renice service to load balance between different system daemons.
- D. Upon reaching a set number of requests, Apache uses a raw socket to adjust a system's bandwidth to handle the additional requests.

Answer: B

---

**QUESTION 6**

Consider the file "test.html". Which of the following best describes what code does?

```
<html>
<from>
<INPUT TYPE=" button" VALUE="set cookie"
onClick = "document. Cookie =`first_name=Fred`;">
<INPUT TYPE = "button" VALUE = "display cookie"
onClick = "alert (document.cokkie);">
</from>
</html>
```

- A. When the user clicks on "set cookie," it prompts the user for value. Once the value is entered, it can be displayed using the "display cookie" button.
- B. When the user clicks on "set cookie," the first\_name cookie is set to "Fred." The first\_name cookie can be displayed by clicking the "display cookie" button.
- C. When the user first loads "test.html," first\_name is automatically set to "Fred." The value of first\_name can be seen with the "display cookie" button. The first\_name cookie can be reset to empty ("") by clicking the "set cookie" button.
- D. When the user clicks on the "set cookie" button, a new HTML page is loaded that displays the word "Fred". When the user clicks on the "display cookie" button, it alerts the user that it has been deleted.

Answer: B

---

**QUESTION 7**

Which of the following can be used send to used to send a cookie to the http client? (Choose two.)

- A. XMLScript
- B. Static HTM
- C. Java Script
- D. CGI scripts
- E. GIFScript

Answer: C, D

---

**QUESTION 8**

Ralf, a user, wishes to upgrade his existing version of Apache by including mod\_ssl as a loadable module. Assuming that the shared object for mod\_ssl is libssl. So, that mod\_ssl is located in "/prefix/modules/," which of the following must be present in his httpd, conf file?

- A. LoadModule mod\_ssl modules/libssl.so
- B. Addmodule mod\_ssl modules/libssl.so
- C. LoadModule /prefix/modules/libssl.so mod\_ssl
- D. AddModule /prefix/modules/libssl.so mod\_ssl

Answer: A

---

**QUESTION 9**

Liz has completed an Apache installation on her computer. She did not encounter any errors. Which of the following can she use to see Apache's default index? (Choose two.)

- A. http://localhost
- B. http://localhost
- C. http://index
- D. http://192.268.0.0
- E. http://127.0.0.1

Answer: B, E

---

**QUESTION 10**

One security exploit with Apache is to include a command in a script that lets the scripts execute a command found in one of its variables. For example, a script might contain the who command and display a list users logged into the server. Which of the following, if included in a CGI script, will run a command with the appropriate permissions?

- A. declare
- B. fork
- C. export
- D. eval
- E. eacho

Answer: D

---

**QUESTION 11**

Which of the following represents a security concern of programming CGI scripts using the C programming language?

- A. C programs must be run with setuid root.
- B. If the program receives more data than the amount of memory it has allocated, a buffer overflow can cause the program to exit to a shell on the server.
- C. Many early C compile lack the ability to dynamically alter file permissions, which results in many C

## Pass4sure Certification Exam Features;

- Pass4sure offers over **2500** Certification exams for professionals.
- More than **98,800** Satisfied Customers Worldwide.
- Average **99.8%** Success Rate.
- Over **120** Global Certification Vendors Covered.
- Services of **Professional & Certified Experts** available via support.
- Free **90 days** updates to match real exam scenarios.
- **Instant Download Access!** No Setup required.
- Price as low as **\$19**, which is 80% more **cost effective** than others.
- **Verified answers** researched by industry experts.
- Study Material **updated** on regular basis.
- Questions / Answers are downloadable in **PDF** format.
- Mobile Device Supported (**Android, iPhone, iPod, iPad**)
- **No authorization** code required to open exam.
