920-136

Nortel
Ethernet Switching Solutions

The 920-136 practice exam is written and formatted by Certified Senior IT Professionals working in today's prospering companies and data centers all over the world! The 920-136 Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently. The 920-136 exam is very challenging, but with our 920-136 questions and answers practice exam, you can feel confident in obtaining your success on the 920-136 exam on your FIRST TRY!

Nortel 920-136 Exam Features

- Detailed questions and answers for 920-136 exam
- Try a demo before buying any Nortel exam
- 920-136 questions and answers, updated regularly
- Verified 920-136 answers by Experts and bear almost 100% accuracy
- 920-136 tested and verified before publishing
- 920-136 examcollection vce questions with exhibits
- 920-136 same questions as real exam with multiple choice options

Acquiring Nortel certifications are becoming a huge task in the field of I.T. More over these exams like 920-136 exam are now continuously updating and accepting this challenge is itself a task. This 920-136 test is an important part of Nortel certifications. We have the resources to prepare you for this. The 920-136 exam is essential and core part of Nortel certifications and once you clear the exam you will be able to solve the real life problems yourself.Want to take advantage of the Real 920-136 Test and save time and money while developing your skills to pass your Nortel 920-136 Exam? Let us help you climb that ladder of success and pass your 920-136 now!

QUESTION 1
The Redundant Power Supply 15 (RPS15) will provide protection against which failure scenario?

A. regional power surges and sags
B. rolling blackouts
C. power loss to the entire building
D. failure of the primary AC power supply on the switch

Answer: D

QUESTION 2
Certkiller .com is selecting a core switch that needs to provide High Availability. It must also provide for Layer 2 switch redundancy via SMLT and for Layer 3 redundancy via RSMLT. Which Ethernet Routing Switch will meet these requirements?

A. 8300
B. 5600
C. 8600
D. 1600

Answer: C

QUESTION 3
A technical training institute has a main office and three branch offices located within a campus environment. The main office uses an Ethernet Routing Switch 8600, and each branch office has an Ethernet Routing Switch 1648T that connects to the main office Ethernet Routing Switch 8600 using Gigabit Ethernet links. OSPF has been implemented as the institute's inter-office routing protocol. They need to share a common connection to the Internet from the main office, using the Ethernet Routing Switch 8600. Which routing method should you recommend for the connection between the Ethernet Routing Switch 8600 and the Internet?

A. OSPF
B. default routing
C. BGP-4
D. RIP v2

Answer: B

QUESTION 4
A network engineer is working with Certkiller .com to increase the security provided on their network. They are concerned about unauthorized administrative access to their Ethernet Switch 470 switches, and have decided to use the "Telnet/SNMP/Web Access Configuration" from the CI menus. Which security does this allow the customer to

implement for administrative access?

A. It allows access to be limited by source IP address.
B. It allows 802.1X (EAPOL)-based security to be implemented.
C. It allows RADIUS-based security to be implemented.
D. It allows access to be limited by source MAC address.

Answer: A

QUESTION 5

A large customer is upgrading the company data infrastructure and has the following requirements:
system redundancy
dynamic routing (RIP version 2 and OSPF)
support for 17 Gigabit Ethernet uplink connections
Network Equipment Building System (NEBS) Level 3 compliance
current support for 110 10/100 Ethernet stations with an estimated future support for 140 10/100/1000 Ethernet stations
Which Ethernet Routing Switch product solution should you recommend?

A. Ethernet Routing Switch 8600 with 8610co chassis layout
B. Ethernet Routing Switch 5510-48T stack
C. Ethernet Routing Switch 8300 with 8310 chassis layout
D. Ethernet Routing Switch 8600 with 8610 chassis layout

Answer: A

QUESTION 6

A large pharmaceutical company called Alpha has offices located throughout the southern region of the country. Alpha recently bought two smaller pharmaceutical companies called Beta and Gamma, each company with its own address space and backbone area. The offices for Beta and Gamma are located in the northern region of the country.
Alpha's corporate WAN is comprised of 36 Ethernet Routing Switch 8600s, and uses OSPF as its routing protocol. It has an Autonomous System (AS) number of 266. Beta's corporate WAN is comprised of 18 Ethernet Routing Switch 8600s, uses OSPF as its routing protocol, and has an AS number of 458. Gamma's corporate WAN is comprised of 15 Ethernet Routing Switch 8600s, uses OSPF as its routing protocol, and has an AS number of 323. Company Alpha needs the ability to have all three networks communicating with each other.
Which routing method should you recommend on inter-company links that would allow communication among the three companies' networks?

A. Use static routing on inter-company links.
B. Use OSPF on inter-company links and assign the links to Area 0.0.0.0.
C. Use OSPF on inter-company links and assign the links to a new Area.

Pass4sure Certification Exam Features;

- Pass4sure offers over **2500** Certification exams for professionals.
- More than **98,800** Satisfied Customers Worldwide.
- Average **99.8%** Success Rate.
- Over **120** Global Certification Vendors Covered.
- Services of Professional & Certified Experts available via support.
- Free 90 days updates to match real exam scenarios.
- Instant Download Access! No Setup required.
- Price as low as $19, which is 80% more cost effective than others.
- Verified answers researched by industry experts.
- Study Material **updated** on regular basis.
- Questions / Answers are downloadable in **PDF** format.
- Mobile Device Supported (Android, iPhone, iPod, iPad)
- **No authorization** code required to open exam.
- **Portable** anywhere.
- *Guaranteed Success*.
- **Fast**, helpful support 24x7.
