Nortel

Nortel WLAN 2300 RIs. 7.0 Planning & Engineering

<http://www.ipass4sure.com/exams.asp?examcode=920-270>

The 920-270 practice exam is written and formatted by Certified Senior IT Professionals working in today's prospering companies and data centers all over the world! The 920-270 Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently. The 920-270 exam is very challenging, but with our 920-270 questions and answers practice exam, you can feel confident in obtaining your success on the 920-270 exam on your FIRST TRY!

Nortel 920-270 Exam Features

- Detailed questions and answers for 920-270 exam
- Try a demo before buying any Nortel exam
- 920-270 questions and answers, updated regularly
- Verified 920-270 answers by Experts and bear almost 100% accuracy
- 920-270 tested and verified before publishing
- 920-270 examcollection vce questions with exhibits
- 920-270 same questions as real exam with multiple choice options

Acquiring Nortel certifications are becoming a huge task in the field of I.T. More over these exams like 920-270 exam are now continuously updating and accepting this challenge is itself a task. This 920-270 test is an important part of Nortel certifications. We have the resources to prepare you for this. The 920-270 exam is essential and core part of Nortel certifications and once you clear the exam you will be able to solve the real life problems yourself. Want to take advantage of the Real 920-270 Test and save time and money while developing your skills to pass your Nortel 920-270 Exam? Let us help you climb that ladder of success and pass your 920-270 now!

Exam Name:	Nortel WLAN 2300 Rls. 7.0 Planning and Engineering		
Exam Type:	Nortel		
Exam Code:	920-270	Total Question	31

Question: 1

A Voice over WLAN customer is determining the type of WLAN handsets to provide to their users. The customer's environment is industrial and noisy, so maximum durability and loud-environment ringer and speaker is required. Many users will also need push-to-talk (PTT) capability. Which WLAN handset should the customer select to provide the desired functionality to the users?

- A. 2210
- B. 2212
- C. 6120
- D. 6140

Answer: D

Question: 2

A customer wants to provide network connectivity to a new building on its campus, but does not want to run cables between buildings. You determine that this can be accomplished using mesh services on the WLAN 2300 series network. Which Access Point model can support this configuration?

- A. 2330
- B. 2330-A
- C. 2332
- D. 2350

Answer: C

Question: 3

A large business operation has an existing wired network with subnets in the business office and showroom. They wish to extend wireless access to the warehouse. The customer does not have wireless access anywhere else in its network. There are a number of mobile users who move to and from the business office, showroom, and warehouse with customers. Which WLAN mode of operation is best suited to these mobile users?

- A. Ad Hoc Wireless LAN
- B. Infrastructure Wireless LAN
- C. Ad Hoc Wireless LAN for roaming
- D. Infrastructure Wireless LAN for roaming

Answer: B

Question: 4

A site survey for a Wireless LAN site has been completed. Given the configuration and building materials within the facility, it is expected that a high number of access points (AP) in close proximity will be required to ensure adequate coverage. The design team is concerned with channel overlap due to the number of AP required and has determined that 802.11a will be used. Which rationale supports this choice?

- A. 802.11a has more non-overlapping channels than 802.11b.
- B. 802.11a uses non-overlapping channels while 802.11b does not.
- C. 802.11a covers more distance than 802.11b and requires fewer APs.
- D. 802.11a is better able to penetrate dense building materials than 802.11b.

Answer: A

Exam Name:	Nortel WLAN 2300 Rls. 7.0 Planning and Engineering		
Exam Type:	Nortel		
Exam Code:	920-270	Total Question	31

Question: 5

A customer is deploying wireless 6120/6140 handsets throughout their Wireless LAN. They are using a DHCP server to configure the 6120/6140 systems. By using a DHCP they are currently assigning an IP address, and DHCP options 1, 3, 60, and 66. In this scenario, which DHCP option is also required?

- A. 6
- B. 15
- C. 43
- D. 151

Answer: D

Question: 6

A new WLAN customer wants secure their wireless network. Which method would you least recommend because of its weaknesses?

- A. WPA
- B. PEAP
- C. TKIP
- D. 128-bit WEP

Answer: D

Question: 7

A customer with a new WLAN 2300 series has some basic WLAN Security needs. They want to provide WLAN to visitors for Internet access without security. Which basic type of security will accomplish this?

- A. MAC filters
- B. bandwidth limitation
- C. limited access area
- D. DMZ connection only

Answer: D

Question: 8

A customer wants to install a WLAN. They are concerned about security and want to know about device-independent authentication. Which two methods would be considered a device-independent type of authentication? (Choose two.)

- A. smart card
- B. MAC filtering
- C. active directory
- D. biometric device

Answer: A, D

Question: 9

You want to implement RADIUS in a WLAN network. Which network component cannot be used as a Network Access Server (NAS) in the WLAN?

- A. Access Point
- B. Security Server
- C. Client PC

Pass4sure Certification Exam Features;

- Pass4sure offers over **2500** Certification exams for professionals.
- More than **98,800** Satisfied Customers Worldwide.
- Average **99.8%** Success Rate.
- Over **120** Global Certification Vendors Covered.
- Services of **Professional & Certified Experts** available via support.
- Free **90 days** updates to match real exam scenarios.
- **Instant Download Access!** No Setup required.
- Price as low as **\$19**, which is 80% more **cost effective** than others.
- **Verified answers** researched by industry experts.
- Study Material **updated** on regular basis.
- Questions / Answers are downloadable in **PDF** format.
- Mobile Device Supported (**Android, iPhone, iPod, iPad**)
- **No authorization** code required to open exam.
- **Portable** anywhere.
- **Guaranteed Success.**
- **Fast**, helpful support **24x7**.
