COG-385

IBM

IBM Cogonos TM1 Master 385 Exam

<http://www.ipass4sure.com/exams.asp?examcode=COG-385>

The COG-385 practice exam is written and formatted by Certified Senior IT Professionals working in today's prospering companies and data centers all over the world! The COG-385 Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently. The COG-385 exam is very challenging, but with our COG-385 questions and answers practice exam, you can feel confident in obtaining your success on the COG-385 exam on your FIRST TRY!

IBM COG-385 Exam Features

- Detailed questions and answers for COG-385 exam
- Try a demo before buying any IBM exam
- COG-385 questions and answers, updated regularly
- Verified COG-385 answers by Experts and bear almost 100% accuracy
- COG-385 tested and verified before publishing
- COG-385 examcollection vce questions with exhibits
- COG-385 same questions as real exam with multiple choice options

Acquiring IBM certifications are becoming a huge task in the field of I.T. More over these exams like COG-385 exam are now continuously updating and accepting this challenge is itself a task. This COG-385 test is an important part of IBM certifications. We have the resources to prepare you for this. The COG-385 exam is essential and core part of IBM certifications and once you clear the exam you will be able to solve the real life problems yourself. Want to take advantage of the Real COG-385 Test and save time and money while developing your skills to pass your IBM COG-385 Exam? Let us help you climb that ladder of success and pass your COG-385 now!

QUESTION: 1

An object needs to be locked in which lock mode before modifications can begin on that object?

- A. Read (R)
- B. Intent Exclusive (IX)
- C. ReadOnly (RO)
- D. Write (W)

Answer: B

QUESTION: 2

Your TM1 server takes over one hour to start up. You want to speed up the start up time. You have a multi CPU production server and the cube rules in your TM1 application does not contain any conditional feeders. Which tm1s.cfg parameter would you choose to help speed up the TM1 server start up time?

- A. CalculationThresholdForStorage
- B. AllowSeparateNandCRules
- C. MaximumCubeLoadThreads
- D. CheckFeedersMaximumCells

Answer: C

QUESTION: 3

Which three tm1s.cfg parameters must be unique to run two TM1 servers on the same production server? (Choose three.)

- A. ServerName
- B. DataBaseDirectory
- C. ClientMessagePortNumber
- D. AdminHost E. PortNumber

Answer: A, B, E

QUESTION: 6

An application is needed for 1500 users to forecast driver based expense data. Which three objects are required to set up and run the application in a partitioned environment? (Choose three.)

- A. a dimension identified in each cube to be partitioned on, and an attribute to hold the partition name
- B. TI processes to move data between the main cube(s) and the partitions
- C. an input sheet containing the user name and an action button to allow users immediate update of their partition and the main cube(s)
- D. a chore to move all data from all partition cubes to all of the main cubes
- E. a TI process to set up security on the partitions equivalent to the original cube

Answer: A, B, E

QUESTION: 7

You are running a performance test on a TM1 model using a load testing tool. The test scripts are set up to perform read operations on a single TM1 cube. At around 300 simultaneous users, the response times spike up and performance degrades quickly. Which two statements describe possible reasons for the performance problem? (Choose two.)

- A. There are too many simultaneous users for a single cube.
- B. The TM1 Server has a maximum number of threads it can spawn; this is set in the tm1s.cfg file.
- C. The test is using all the CPU cycles on the TM1 Server; this is causing resource contention.
- D. The server is recalculating dynamic subsets and the users must wait for that to complete.

Answer: C, D

QUESTION: 8

TM1top indicates that opening a view is taking a long time. Which logging property can you enable to determine which views are taking long periods of time to build?

- A. log4j.logger.TM1.View
- B. log4j.logger.TM1.API
- C. log4j.logger.TM1.Lock
- D. log4j.logger.TM1.Commit

Answer: A

QUESTION: 9

What are two purposes of locks in the TM1 Server? (Choose two.)

- A. to maintain data integrity
- B. to control workflow interactions between multiple users
- C. to synchronize access to internal TM1 data structures
- D. to put the TM1 server into single user mode

Answer: A, C

QUESTION: 10

A customer is experiencing intermittent performance issues for IBM Cognos 8 BI users running reports on their TM1 Financials cube. On the TM1 server, the consultant finds an actuals data load process from ODBC to a Stage cube. Rules place the actuals data in various input cubes, and the Financials cube rules retrieve data and forecast data from them. Which recommendation should the consultant make to resolve the BI reporting performance issue?

- A. Create a read only replication of the TM1 server, set it to synchronize every 10 minutes, and change the package to use the Finance cube from the replication.
- B. Change the ODBC connection to a flat file data load to speed up the data load.
- C. Eliminate all actuals rules in the staging cubes and write additional data load processes to load this data from the Stage cube.
- D. Create a second financials cube named Financials Reporting, create a TI process to move the reporting data to the Financials Reporting cube, and change the package to use the new cube.

Answer: D

QUESTION: 11

You are on a performance testing engagement. As a first step, you prepare a test plan that will guide the testing activities. The question of how to measure success comes up. Since different people in the company are concerned about different aspects of performance, you have the difficult task of coming up with success criteria that satisfy everyone's needs. Which three

Pass4sure Certification Exam Features;

- Pass4sure offers over **2500** Certification exams for professionals.
- More than **98,800** Satisfied Customers Worldwide.
- Average **99.8%** Success Rate.
- Over **120** Global Certification Vendors Covered.
- Services of **Professional & Certified Experts** available via support.
- Free **90 days** updates to match real exam scenarios.
- **Instant Download Access!** No Setup required.
- Price as low as **\$19**, which is 80% more **cost effective** than others.
- **Verified answers** researched by industry experts.
- Study Material **updated** on regular basis.
- Questions / Answers are downloadable in **PDF** format.
- Mobile Device Supported (**Android, iPhone, iPod, iPad**)
- **No authorization** code required to open exam.
- **Portable** anywhere.
- **Guaranteed Success.**
- **Fast**, helpful support **24x7**.
