HH0-130

Hitachi

Hitachi Data Systems Storage Foundations Exam

The HH0-130 practice exam is written and formatted by Certified Senior IT Professionals working in today's prospering companies and data centers all over the world! The HH0-130 Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently. The HH0-130 exam is very challenging, but with our HH0-130 questions and answers practice exam, you can feel confident in obtaining your success on the HH0-130 exam on your FIRST TRY!

Hitachi HH0-130 Exam Features

- Detailed questions and answers for HH0-130 exam
- Try a demo before buying any Hitachi exam
- HH0-130 questions and answers, updated regularly
- Verified HH0-130 answers by Experts and bear almost 100% accuracy
- HH0-130 tested and verified before publishing
- HH0-130 examcollection vce questions with exhibits
- HH0-130 same questions as real exam with multiple choice options

Acquiring Hitachi certifications are becoming a huge task in the field of I.T. More over these exams like HH0-130 exam are now continuously updating and accepting this challenge is itself a task. This HH0-130 test is an important part of Hitachi certifications. We have the resources to prepare you for this. The HH0-130 exam is essential and core part of Hitachi certifications and once you clear the exam you will be able to solve the real life problems yourself. Want to take advantage of the Real HH0-130 Test and save time and money while developing your skills to pass your Hitachi HH0-130 Exam? Let us help you climb that ladder of success and pass your HH0-130 now!

QUESTION: 1

A drive within a HUS system reaches its read error threshold. What will happen to the data on that drive?

- A. Data from the failing drive must be restored from backup.
- B. Data from the failing drive will be locked until the failing drive is replaced.
- C. Data from the failing drive will be copied to a suitable spare if one is available.
- D. The drive is powered off immediately and the data is reconstructed from parity.

Answer: C

QUESTION: 2

What are two characteristics of Dynamic Sparring on HUS systems? (Choose two.)

- A. Spares can be in any drive slot.
- B. Spares must be in the first expansion tray.
- C. Spares must be in a high density expansion tray.
- D. After a drive replacement the new drive is the spare by default.

Answer: A, D

QUESTION: 3

A customer wants to virtualize a new SATA modular storage array and must ensure that virtualizing the new array will have no effect on internal Tier 1 applications on their VSP. What should the customer do?

- A. Install additional RAID Groups for the Tier 1 applications.
- B. Create a cache logical partition for the new storage.
- C. Configure additional initiator ports for the new storage.
- D. Create a system logical partition for the Tier 1 application.

Answer: B

QUESTION: 4

A customer is deploying a new OLTP database on a VSP that will have a high performance requirement. They are considering using SSD flash drives, but would like to avoid putting the entire database on SSD. SAS drives will be sufficient for the majority of the workload. Which Hitachi product would you recommend?

- A. Hitachi Tuning Manager
- B. Hitachi Dynamic Tiering
- C. Hitachi Dynamic Provisioning
- D. Hitachi Tiered Storage Manager

Answer: B

QUESTION: 5

What are two results when license keys expire? (Choose two.)

- A. No new configuration settings may be performed.
- B. Configuration changes are permitted for a period of 24 hours after expiration.
- C. Configuration settings that were made before the temporary license key expired remain in effect and cannot be modified.
- D. Configuration settings that were made before the temporary license key expired will revert back to their original settings.

Answer: A, C

QUESTION: 6

Which two functions are performed by the Virtual Storage Director (VSD) on the VSP? (Choose two.)

- A. It controls I/O operations for the currently owned LDEVs.
- B. It queries all user data to verify that data is placed on the appropriate tier.
- C. It executes the code for target, external, BED, initiator and RCU target modes.
- D. It enables hardware based virtualization by allowing SAN connectivity directly to the external director ports.

Answer: A, C

QUESTION: 7

A HUS VM customer requires a tool set to gather and report on application service level objectives and storage performance. Which package should the customer use?

- A. HUS VM Virtual Partition Manager Package

- B. HUS VM Analytics Package
- C. HUS VM Mobility Package
- D. HUS VM Local Protection Package

Answer: B

QUESTION: 8

What are two advantages of using Hitachi Dynamic Provisioning (HDP) on HUS systems? (Choose two.)

- A. It pre-allocates the pools for new DP volumes.
- B. It enables efficient use of disk space.
- C. It accelerates the creation of volumes.
- D. It enables dynamic migration of data between storage tiers.

Answer: B, C

QUESTION: 9

A customer is evaluating enterprise storage arrays from various vendors and requires that their mission critical data must be encrypted while at rest. What is required on the VSP to satisfy this requirement?

- A. a license key
- B. 2.5" self-encrypting drives for the capacity required
- C. a key-generating encryption option on each SAS link
- D. encryption Back-End Directors (eBEDs) for dynamic encryption

Answer: A

QUESTION: 10

What are two core functions of Hitachi Tuning Manager? (Choose two.)

- A. It extracts performance data for analysis.
- B. It displays configuration and capacity data.
- C. It migrates data based on storage performance.
- D. It distributes workloads across paths automatically.

Pass4sure Certification Exam Features;

- Pass4sure offers over **4500** Certification exams for professionals.
- More than **98,800** Satisfied Customers Worldwide.
- Average **99.8%** Success Rate.
- Over **150** Global Certification Vendors Covered.
- Services of **Professional & Certified Experts** available via support.
- Free **90 days** updates to match real exam scenarios.
- **Instant Download Access!** No Setup required.
- Price as low as **\$19**, which is 80% more **cost effective** than others.
- **Verified answers** researched by industry experts.
- Study Material **updated** on regular basis.
- Questions / Answers are downloadable in **PDF** format.
- Mobile Device Supported (**Android, iPhone, iPod, iPad**)
- **No authorization** code required to open exam.
- **Portable** anywhere.
- **Guaranteed Success.**
- **Fast**, helpful support **24x7**.
