HP0-645

HP

Implementing HP ProLiant Servers

<http://www.ipass4sure.com/exams.asp?examcode=HP0-645>

The HP0-645 practice exam is written and formatted by Certified Senior IT Professionals working in today's prospering companies and data centers all over the world! The HP0-645 Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently. The HP0-645 exam is very challenging, but with our HP0-645 questions and answers practice exam, you can feel confident in obtaining your success on the HP0-645 exam on your FIRST TRY!

HP HP0-645 Exam Features

- Detailed questions and answers for HP0-645 exam
- Try a demo before buying any HP exam
- HP0-645 questions and answers, updated regularly
- Verified HP0-645 answers by Experts and bear almost 100% accuracy
- HP0-645 tested and verified before publishing
- HP0-645 examcollection vce questions with exhibits
- HP0-645 same questions as real exam with multiple choice options

Acquiring HP certifications are becoming a huge task in the field of I.T. More over these exams like HP0-645 exam are now continuously updating and accepting this challenge is itself a task. This HP0-645 test is an important part of HP certifications. We have the resources to prepare you for this. The HP0-645 exam is essential and core part of HP certifications and once you clear the exam you will be able to solve the real life problems yourself. Want to take advantage of the Real HP0-645 Test and save time and money while developing your skills to pass your HP HP0-645 Exam? Let us help you climb that ladder of success and pass your HP0-645 now!

QUESTION 1:

What is the most likely problem when you receive only audible codes (beeps) during POST?

- A. The monitor signal is not connected.
- B. The system sees intermittent memory parity errors.
- C. No memory modules are present.
- D. The monitor is in power saver mode.

Answer: C.

QUESTION 2:

You need to replace a PCI controller in a HP ProLiant server while the server is running. PCI Hot-Plug technology enables you to shut down power to the PCI_____.

- A. riser board
- B. bridge
- C. bus
- D. slot

Answer: D.

QUESTION 3:

Because of the power and heat generated by systems in a racked environment, what should do to ensure that excessive thermal conditions do not impede production activities? Select two.

- A. Align rows of racked systems in the same direction 1 meter apart.
- B. Use blanking panels for unused space within the rack.
- C. Enclose the front of the rack with a ventilated door.
- D. Enclose the rear of the rack with a solid door.
- E. Remove the side panels on the rack enclosure.

Answer: B, C.

QUESTION 4:

Which System Agent will shut down an HP Industry Standard Server when a thermal event occurs?

- A. Storage agent
- B. Server agent
- C. Power agent
- D. Foundation agent

Answer: D.

QUESTION 5:

You are troubleshooting a system with PCI slots, but you do not know what voltage the PCI slots support. Which PCI card can operate in a 5V or 3.3V PCI slot?

- A. A standard 32-bit 33 MHz PCI card
- B. A universal PCI card
- C. A dual-capability 32/64-bit PCI card
- D. An advanced 33/66MHz PCI card

Answer: B.

QUESTION 6:

A company has several similarly configured application servers deployed throughout its facilities. All but one server are meeting performance expectations. To determine the performance problem, the IT staff would like to collect historical performance information over the past several weeks from these servers and compare the data against the under performing server. This information must include platform-specific data from all major subsystems and their components. Which tool would be best suited for this task?

- A. Performance Management Pack (PMP)
- B. Workload Management Pack (WMP)
- C. Windows System Monitor
- D. HP OpenView

Answer: A.

QUESTION 7:

In a properly configured HP rack enclosure, airflow is designed to flow_____.

- A. In the top and out the bottom.
- B. In the front and out the top within the enclosure.
- C. In the front and out the back within the enclosure.
- D. In the rear and out the top within the enclosure.

Answer: C.

QUESTION 8:

After replacing several drives, the same hard drives repeatedly go into prefailure state. What should you do?

HP0-645

- A. Run the Array Configuration Utility and check the health of the storage.
- B. Run the Array Configuration Utility and analyze the report before deciding on a further course of action.
- C. Suggest replacing the drive cage and array controller.
- D. Upgrade the server ROMpaq and monitor for reoccurrence of the problem.

Answer: B.

QUESTION 9:

There is a drive failure in an array with an online spare. It is attached to a Smart Array controller. When replaced, the drive will _____.

- A. do nothing until you manually rebuild the array
- B. automatically become the online spare, leaving the array intact
- C. automatically rebuild and the online spare will return to being an online spare
- D. do nothing until is manually reset, initialized, identified, and configured on the controller

Answer: C.

QUESTION 10:

You have added a second Smart Array controller to an HP ProLiant server. Your server is trying to boot from the wrong controller. How would you resolve this problem?

- A. Install Insight Manager 7 and run Survey Utility.
- B. Run the ACU and disable the drives that the operating system is booting from.
- C. Run the ADU and determine the fault with the drives that should be booting.
- D. Execute the RBSU and change the controller boot order.

Answer: D.

QUESTION 11:

You want to view the management log on an HP ProLiant server running Red Hat Linux. How can access the Integrated Management Log Viewer on a Linux server running X Windows?

- A. Open the cpqimlview web page.
- B. Go to a shell prompt and type cpqmgmt.
- C. Go to a shell prompt and type cpqimlview.
- D. Look for the Integrated Management Log Viewer under system > tools > cpqimlview

Answer: C.

QUESTION 12:

Pass4sure Certification Exam Features;

- Pass4sure offers over **2500** Certification exams for professionals.
- More than **98,800** Satisfied Customers Worldwide.
- Average **99.8%** Success Rate.
- Over **120** Global Certification Vendors Covered.
- Services of **Professional & Certified Experts** available via support.
- Free **90 days** updates to match real exam scenarios.
- **Instant Download Access!** No Setup required.
- Price as low as **\$19**, which is 80% more **cost effective** than others.
- **Verified answers** researched by industry experts.
- Study Material **updated** on regular basis.
- Questions / Answers are downloadable in **PDF** format.
- Mobile Device Supported (**Android, iPhone, iPod, iPad**)
- **No authorization** code required to open exam.
- **Portable** anywhere.
