# HP2-T26

**HP**

*Servicing HP BladeSystem Solutions*

The HP2-T26 practice exam is written and formatted by Certified Senior IT Professionals working in today's prospering companies and data centers all over the world! The HP2-T26 Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently. The HP2-T26 exam is very challenging, but with our HP2-T26 questions and answers practice exam, you can feel confident in obtaining your success on the HP2-T26 exam on your FIRST TRY!

## HP HP2-T26 Exam Features

- Detailed questions and answers for HP2-T26 exam
- Try a demo before buying any HP exam
- HP2-T26 questions and answers, updated regularly
- Verified HP2-T26 answers by Experts and bear almost 100% accuracy
- HP2-T26 tested and verified before publishing
- HP2-T26 examcollection vce questions with exhibits
- HP2-T26 same questions as real exam with multiple choice options

Acquiring HP certifications are becoming a huge task in the field of I.T. More over these exams like HP2-T26 exam are now continuously updating and accepting this challenge is itself a task. This HP2-T26 test is an important part of HP certifications. We have the resources to prepare you for this. The HP2-T26 exam is essential and core part of HP certifications and once you clear the exam you will be able to solve the real life problems yourself. Want to take advantage of the Real HP2-T26 Test and save time and money while developing your skills to pass your HP HP2-T26 Exam? Let us help you climb that ladder of success and pass your HP2-T26 now!

**QUESTION: 1**

You want to add memory to an existing BL890c i2 server. The new DIMMs have a different size than the installed ones. Which memory upgrade guideline is correct?

- A. Distribute old and new memory evenly on all blade modules, installing the larger ones first.
- B. Blade modules 1 and 2 must have one DIMM size, and blade modules 3 and 4 must have the other DIMM size.
- C. Blade modules 1 and 3 must have one DIMM size, and blade modules 2 and 4 must have the other DIMM size.
- D. Distribute old and new memory evenly on all blademodules, installing the smaller ones first.

**Answer: A**

**QUESTION: 2**

Your Virtual Connect firmware is older than 1.34. What is the recommended upgrade order for the components in a c7000 enclosure?

- A. Onboard Administrators, Blades, Virtual Connect
- B. Virtual Connect, Blades, Onboard Administrators
- C. Virtual Connect, Onboard Administrators, Blades
- D. Blades, Virtual Connect, Onboard Administrators

**Answer: A**

**Reference:**

<http://h20000.www2.hp.com/bc/docs/support/SupportManual/c02885443/c02885443.pdf> (page 5, see the bulleted points for the deployments where the operating system has been installed on the servers)

**QUESTION: 3**

Why is it considered a best practice to use tools such as HP Smart Update Manager (SUM) and Virtual Connect Support Utility (VCSU) to deploy firmware components?

- A. These tools check the dependencies and limitations.
- B. The tools are compatible with all versions of firmware.

- C. These are the only tools that can be used to work with Virtual Connect Enterprise Utility (VCEU).
- D. These tools are version compatible by design.

**Answer:** A

**QUESTION:** 4

What should a support engineer use to perform a firmware update to a c-Class PCI Expansion Blade?

- A. OA CLI
- B. HP SmartStart
- C. Firmware Maintenance DVD
- D. OA GUI

**Answer:** A

**Explanation:**

Note: Always power off the partner server blade, then update the PCI Expansion blade firmware, then power on the server blade to avoid server lockup.

Firmware for PCI Expansion Blade is not available as a download from hp.com PCI Expansion Blade firmware is already embedded in the OA firmware code. From OA CLI run the following command:

```
>SHOW UPDATE Device Name Location
Current Version
New Version
BladeSystem c7000 Onboard Administrator Tray
-
1.2
1.2
BladeSystem c7000 Insight Display
-
2.2.2
2.2.2
BL c-Class PCI Expansion Blade
15
1.20
2.26
HP 4Gb Fibre Channel Pass-thru Module for c-Class
3A
2.4.3
```

2.10.3

From the above example, PCI Expansion Blade current firmware is 1.20 and available version is

2.00

To update the firmware on PCI Expansion Blade, run the command

>UPDATE DEVICE XX

Where XX stands for location.

**QUESTION: 5**

Which Windows command allows you to see the operating system version and system name, manufacturer, and model?

- A. msconfig
- B. uname
- C. msinfo32
- D. winver

**Answer: C**

**Reference:**

<http://www.netsquirrel.com/msconfig/index.html>

**QUESTION: 6**

Which Windows commands allow you to get the operating system's version, build, and service patch level? (Select two.)

- A. winver
- B. msconfig
- C. patch
- D. msinfo32
- E. swlist
- F. uname

**Answer: B, D**

**QUESTION: 7**

Which command should you use to connect to the CLI interface of an HP ProCurve Blade Switch through the Onboard Administrator?

- A. connect interconnect <bay\_number>
- B. connect switch <bay\_number>
- C. connect <bay\_number>
- D. connect server <bay\_number>

**Answer:** A

**Reference:**

<http://h20000.www2.hp.com/bc/docs/support/SupportManual/c01868182/c01868182.pdf> (page 3, Accessing the blade switch from the HP bladesystem onboard administrator)

**QUESTION: 8**

A user added a second OA to a c7000 enclosure so the OAs are redundant, however, the modules are not at the same firmware level. What is an easy way to bring them to the same firmware version?

- A. Use HP SUM to update each OA individually.
- B. Request that the Admin have SIM push the updates to the each OA.
- C. Use HP SUM Offline to update the standby OA, restart it, and repeat the procedure on the remaining OA.
- D. Select the Synchronize Firmware button in either OA.

**Answer:** D

**Reference:**

<http://www.scribd.com/doc/48647073/3/Overview>(page 114, second paragraph on the page)

**QUESTION: 9**

Which tool can be used to upgrade the firmware of Virtual Connect Ethernet module? (Select two.)

- A. HP SUM
- B. OA

### Pass4sure Certification Exam Features;

- Pass4sure offers over **4500** Certification exams for professionals.
- More than **98,800** Satisfied Customers Worldwide.
- Average **99.8%** Success Rate.
- Over **150** Global Certification Vendors Covered.
- Services of **Professional & Certified Experts** available via support.
- Free **90 days** updates to match real exam scenarios.
- **Instant Download Access!** No Setup required.
- Price as low as **\$19**, which is 80% more **cost effective** than others.
- **Verified answers** researched by industry experts.
- Study Material **updated** on regular basis.
- Questions / Answers are downloadable in **PDF** format.
- Mobile Device Supported (**Android, iPhone, iPod, iPad**)
- **No authorization** code required to open exam.
- **Portable** anywhere.
- **Guaranteed Success.**
- **Fast**, helpful support **24x7**.
