HP

Selling HP Enterprise Networking Solutions

<http://www.ipass4sure.com/exams.asp?examcode=HP2-Z23>

The HP2-Z23 practice exam is written and formatted by Certified Senior IT Professionals working in today's prospering companies and data centers all over the world! The HP2-Z23 Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently. The HP2-Z23 exam is very challenging, but with our HP2-Z23 questions and answers practice exam, you can feel confident in obtaining your success on the HP2-Z23 exam on your FIRST TRY!

HP HP2-Z23 Exam Features

- Detailed questions and answers for HP2-Z23 exam
- Try a demo before buying any HP exam
- HP2-Z23 questions and answers, updated regularly
- Verified HP2-Z23 answers by Experts and bear almost 100% accuracy
- HP2-Z23 tested and verified before publishing
- HP2-Z23 examcollection vce questions with exhibits
- HP2-Z23 same questions as real exam with multiple choice options

Acquiring HP certifications are becoming a huge task in the field of I.T. More over these exams like HP2-Z23 exam are now continuously updating and accepting this challenge is itself a task. This HP2-Z23 test is an important part of HP certifications. We have the resources to prepare you for this. The HP2-Z23 exam is essential and core part of HP certifications and once you clear the exam you will be able to solve the real life problems yourself. Want to take advantage of the Real HP2-Z23 Test and save time and money while developing your skills to pass your HP HP2-Z23 Exam? Let us help you climb that ladder of success and pass your HP2-Z23 now!

QUESTION: 1

Which three adjectives describe networks built on HP FlexNetwork solutions? (Select three.)

- A. Proprietary
- B. Complex
- C. Open
- D. Agile
- E. Rigid
- F. Scalable

Answer: C, D, F

Reference:

[http://h17007.www1.hp.com/us/en/solutions/flexnetwork/index.aspx\(benefits of HP flexnetwork architecture\)](http://h17007.www1.hp.com/us/en/solutions/flexnetwork/index.aspx(benefits_of_HP_flexnetwork_architecture))

QUESTION: 2

How many users comprise a large enterprise network?

- A. 500 or more
- B. 1,000 or more
- C. 5,000 or more
- D. 10,000 or more

Answer: B

QUESTION: 3

In 2011, nearly \$9 billion in Cisco networking equipment was approaching end of life or service. Which statement is true of customers with this aging Cisco hardware in their infrastructure?

- A. In this economy, very few customers are looking to upgrade their networks despite the fact that their aging Cisco infrastructure lacks both agility and scalability.
- B. The majority of these Cisco customers have already purchased new Cisco products or products from competing vendors. There is still an opportunity here to sell these customers on HP FlexNetwork solutions, but the timing is not ideal.
- C. These Cisco customers know that upgrading to new Cisco equipment from legacy Cisco equipment is always going to be easier than switching to a new vendor for network infrastructure services. You will need to give them very good reasons to introduce HP into their infrastructure.

D. Now is a great time to introduce these Cisco customers to HP FlexNetwork solutions. Because they will need to upgrade soon, they may already be considering introducing a replacement or secondary networking vendor into their infrastructure.

Answer: D

QUESTION: 6

Which statements are true of the HP MSM720 Wireless Controller? (Select two.)

- A. It offers a premium package license option that includes Layer 3 mobility services and controller teaming support, providing network resiliency for smaller environments such as branch offices.
- B. It supports up to 10 APs, with a 10-AP upgrade option available for affordable scalability.
- C. It can support deployments of 40 APs, and up to 800 APs when controller teaming is deployed.
- D. Up to five MSM720s can be configured as a controller team.
- E. It provides comprehensive automated workflows that simplify the configuration of WLAN services.

Answer: B, E

QUESTION: 7

A sales consultant has a lead with a bank, which needs a refresh for its networking solution at its branches. The bank has 30 branch offices, each of which needs to support between 10 and 50 users. The bank is interested in deploying a Voice over IP (VoIP) solution as part of the refresh. What key benefit does an HP FlexBranch solution provide for this customer's VoIP needs?

- A. The high throughput of HP devices provides the high bandwidth required by VoIP phones.
- B. Best-in-industry efficiency in HP switches offsets the high energy demands of VoIP phones.
- C. An integrated VoIP accelerator integrated in a router at the network core improves performance.
- D. Support for LLDP-MED simplifies deployment and management of VoIP phones.

Answer: B

QUESTION: 8

When sales consultants pursue a lead, they should check the most current HP FlexNetwork sales guides to evaluate whether an HP solution is a good fit. What should the consultants do if they match a customer lead to a characteristic in the grey zone of the green zone/red zone qualification table?

- A. Reject the lead.
- B. Evaluate carefully whether the HP solution can meet the customer's need.

- C. Contact the HP design solution center to determine whether the HP solution can meet the need.
- D. Refer all grey-zone leads to HP Financial Services.

Answer: B

QUESTION: 9

A sales professional has four leads for selling HP FlexBranch solutions. Based on the HP FlexBranch green zone/red zone qualification table shown here, the professional should consult HP Technology Services before pursuing which lead?

	PURSUE	CAUTION	CONSULTS
Verticals	Education, State/Local Government, Retail, Banking, Manufacturing, Healthcare	Telco/Branch CPE*, National/Federal cmts (RPS/CC)	Mining/Energy
Applications	UC/VoIP, Sustainability, local DNS/DHCP/Time, Server, Security, Point of Purchase	Large-scale Video Surveillance (extremely large multicast streams), Proprietary/Nonstandard	
IT Initiative	DC Consolidation, Branch Consolidation, UC/VoIP roll-out, WAN Refresh	UC/VoIP expansion w/Carrier BSE incumbent	Residential Broadband
Cloud dependence	Highly dependent on Private or Hybrid Public/Private Cloud	Most apps local in branch	No central apps needed
Environment	Indoor air conditioned	Very shallow closets	Outdoor/hard
Unique features	Integrated Services, Green Infrastructure/ELE	Data Encryption/MACSec	
IT org. structure	Centralized decision and deployment		Autonomous/standalone

* Sell-through/resell of HP switches/routers by service providers for provider-deployed & managed customer premise equipment - CPE - verify if we satisfy all the requirements

- A. a car manufacturer
- B. a healthcare provider
- C. a mining corporation
- D. a for-profit university

Answer: C

QUESTION: 10

A sales consultant is discussing an HP FlexBranch solution with the CIO of a bank that has hundreds of branches with thirty or fewer devices each. The CIO emphasizes simplicity of management and deployment and expresses interest in a competitor's one-box branch solution. What can the sales consultant explain about a branch solution based on HP 5400 zl switches?

- A. These switches are one-box solutions that provide all the capabilities of competitors' one-box solutions.
- B. The customer can purchase an integrated routing module that transforms these switches into feature-rich one-box solutions.

Pass4sure Certification Exam Features;

- Pass4sure offers over **2500** Certification exams for professionals.
- More than **98,800** Satisfied Customers Worldwide.
- Average **99.8%** Success Rate.
