L50-502

LSI

LSI SVM5 Solutions Architect

The L50-502 practice exam is written and formatted by Certified Senior IT Professionals working in today's prospering companies and data centers all over the world! The L50-502 Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently.
The L50-502 exam is very challenging, but with our L50-502 questions and answers practice exam, you can feel confident in obtaining your success on the L50-502 exam on your FIRST TRY!

LSI L50-502 Exam Features

- Detailed questions and answers for L50-502 exam
- Try a demo before buying any LSI exam
- L50-502 questions and answers, updated regularly
- Verified L50-502 answers by Experts and bear almost 100% accuracy
- L50-502 tested and verified before publishing
- L50-502 examcollection vce questions with exhibits
- L50-502 same questions as real exam with multiple choice options

Acquiring LSI certifications are becoming a huge task in the field of I.T. More over these exams like L50-502 exam are now continuously updating and accepting this challenge is itself a task. This L50-502 test is an important part of LSI certifications. We have the resources to prepare you for this. The L50-502 exam is essential and core part of LSI certifications and once you clear the exam you will be able to solve the real life problems yourself.Want to take advantage of the Real L50-502 Test and save time and money while developing your skills to pass your LSI L50-502 Exam? Let us help you climb that ladder of success and pass your L50-502 now!

QUESTION: 1
You are trying to determine the optimal solution to meet the data recovery needs of a customer. What will provide your customer with the smallest recovery time objective and array failure protection?

A. asynchronous multiMirror
B. multiView
C. multiCopy
D. synchronous multiMirror

Answer: D

QUESTION: 2
Which storage arrays can be migrated under SVM 5 control?

A. SAS storage array
B. iSCSI storage array
C. FC storage array
D. Infiniband storage array

Answer: C

QUESTION: 3
Your customer wants to run backups at any time of the day, using snapshots of production data, leaving production systems fully online and available during backups. Which SVM application would be used to achieve their online backup requirement?

A. multiMigrate
B. multiMirror
C. multiView
D. SVM volume management

Answer: C

QUESTION: 4
A financial institution has an Oracle application that is critical to its business. Which three factors will enable you to assess how to provide high availability and recovery? (Choose three.)

A. application recovery time objective
B. application recovery point objective
C. distance between data centers
D. number of network adapters
E. distance between servers

Answer: A, B, C

QUESTION: 5
A customer would like to implement SVM into their current storage environment and has asked you to provide a detailed overview of both the SVM and DPM architectures. Where would you suggest that they locate the required information?

A. Host Compatibility Matrix
B. Deployment Guide for SVM 4
C. SVM User Guide
D. Configuration Knowledge Base for SVM 5

Answer: C

QUESTION: 6
You are implementing zoning for an SVM 5 environment. Which rule should you observe when zoning servers with DPMs?

A. There should be no more than four paths per DPM to any one server.
B. There should be no more than two paths per DPM to any one server.
C. All servers and DPM front-end ports should reside in the same zone.
D. The servers should be zoned directly with the storage controllers.

Answer: B

QUESTION: 7
A customer has an AIX high availability cluster multiprocessing (HACMP) environment and would like to use SVM to provide additional storage to the cluster. Which consideration must be met to access the new volumes?

A. The AIX light agent must be installed on all nodes.
B. The new volumes must be imported into a volume group.
C. The LSI failover driver must be installed on all nodes.
D. The MPIO driver must be disabled on all nodes.

Answer: A

QUESTION: 8
A retailer with a SQL database must pull statistics from a production database but would like to do so without interfering with production work. The statistics are required by three different departments. Which two methods could be used to do this? (Choose two.)

A. Use multiMigrate on the database volume with one job and assign the destination volume to the three hosts.
B. Use multiMirror asynchronous on the database volume with three jobs and assign the jobs to the three hosts.
C. Use multiView on the database volume to create a PiT; create three views for that PiT and assign it to the three hosts.
D. Use multiCopy on the database volume with three jobs and assign each destination volume to the three hosts.

Answer: C, D

QUESTION: 9
Your customer has recently begun using hourly PiTs for rapid application recovery. The desire is to implement a data retention plan where each hourly PiT is kept on disk until 8:00 PM. Four weeks?worth the customer would like to keep a daily snapshot copy of the data for seven days. Also the customer wants to keep four weeks worth of weekly views on a secondary, low cost array. The solution should minimize disk utilization on the primary array. Which three tasks would you implement to accomplish this goal? (Choose three.)

A. Create a multiCopy of the application data and keep seven copies.
B. Create a View on the most recent PiT each night at 8:00 PM and retain for seven days.
C. Create a multiCopy of the Sunday View to the second array and keep four copies.
D. Purge PiTs on the source volume at 8:00 PM to keep seven PiTs.
E. Use multiMigrate to move the Sunday View to the second array and keep four copies.

Answer: B, C, D

QUESTION: 10
You have a disaster recovery scenario where newly created SVM Views will be presented to an ESX server or ESX cluster at a secondary site. To avoid importing the views as new volumes, which ESX advanced setting should be enabled?

Pass4sure Certification Exam Features;

- Pass4sure offers over **2500** Certification exams for professionals.
- More than **98,800** Satisfied Customers Worldwide.
- Average **99.8%** Success Rate.
- Over **120** Global Certification Vendors Covered.
- Services of Professional & Certified Experts available via support.
- Free 90 days updates to match real exam scenarios.
- Instant Download Access! No Setup required.
- Price as low as $19, which is 80% more cost effective than others.
- Verified answers researched by industry experts.
- Study Material **updated** on regular basis.
- Questions / Answers are downloadable in **PDF** format.
- Mobile Device Supported (Android, iPhone, iPod, iPad)
- **No authorization** code required to open exam.
- **Portable** anywhere.
- ***Guaranteed Success***.
- **Fast**, helpful support 24x7.
