L50-503

LSI

LSI SVM5 Sales Consultant

<http://www.ipass4sure.com/exams.asp?examcode=L50-503>

The L50-503 practice exam is written and formatted by Certified Senior IT Professionals working in today's prospering companies and data centers all over the world! The L50-503 Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently. The L50-503 exam is very challenging, but with our L50-503 questions and answers practice exam, you can feel confident in obtaining your success on the L50-503 exam on your FIRST TRY!

LSI L50-503 Exam Features

- Detailed questions and answers for L50-503 exam
- Try a demo before buying any LSI exam
- L50-503 questions and answers, updated regularly
- Verified L50-503 answers by Experts and bear almost 100% accuracy
- L50-503 tested and verified before publishing
- L50-503 examcollection vce questions with exhibits
- L50-503 same questions as real exam with multiple choice options

Acquiring LSI certifications are becoming a huge task in the field of I.T. More over these exams like L50-503 exam are now continuously updating and accepting this challenge is itself a task. This L50-503 test is an important part of LSI certifications. We have the resources to prepare you for this. The L50-503 exam is essential and core part of LSI certifications and once you clear the exam you will be able to solve the real life problems yourself. Want to take advantage of the Real L50-503 Test and save time and money while developing your skills to pass your LSI L50-503 Exam? Let us help you climb that ladder of success and pass your L50-503 now!

QUESTION: 1

In an IT center with several different vendors storage arrays, virtualized networked storage with SVM provides migration of data to less expensive tiers of storage by doing what?

- A. Pooling the storage into a server virtualization model whereby different servers can emulate hosts and tier the data.
- B. Pooling the storage into a networked virtualization model zoning the virtualized storage utilizing third-party tools.
- C. Pooling the storage across different vendors' storage arrays into a centralized pool and then assigning different applications and tiers to different pools.
- D. Pooling the storage across different vendors' storage arrays into assigned volume groups and use virtual servers to tier the data.

Answer: C

QUESTION: 2

Your customer calls to discuss their DPMs and their consolidation project's impact on their DPM port count. They are moving from a pair of dual controllers with four ports to one dual controller with eight ports. Which statement accurately describes what they should do?

- A. They will need four more ports on each DPM.
- B. They will need four fewer ports on each DPM.
- C. They will need eight more ports on each DPM.
- D. They will not need to change their DPM port count.

Answer: D

QUESTION: 3

How can SVM's centralized management provide better performance?

- A. by allocating capacity across RAID arrays
- B. by striping volumes across RAID arrays
- C. by mirroring volumes across RAID arrays
- D. by provisioning additional servers

Answer: B

QUESTION: 4

Which statement describes tiered storage?

- A. An infrastructure designed to lower the overall cost of storage by placing volumes on "fit for purpose" storage based on defined cost, availability, and performance requirements.
- B. An infrastructure designed to place data on the storage devices that have the lowest price per megabyte ratio.
- C. An infrastructure designed to place data on different storage devices to ensure a heterogeneous model.
- D. An infrastructure designed to place data on different storage devices to ensure a homogeneous model.

Answer: A

QUESTION: 5

When consolidating onto a new storage platform, what actually moves the data?

- A. the Data Path Module
- B. the SVM server
- C. the storage array
- D. the SAN switch

Answer: B

QUESTION: 6

What are two functions of the Data Path Module? (Choose two.)

- A. DPM processes control frames.
- B. DPM processes data frames.
- C. DPM manages metadata.
- D. DPM translates addresses.

Answer: B, D

QUESTION: 7

A long time customer and SVM prospect just called requesting your help to virtualize their data center using VMware. What are three ways that SVM's snapshot capabilities will help this customer? (Choose three.)

- A. SVM snapshots will eliminate tape from the customer's environment.
- B. SVM makes it possible to keep the point-in-time snapshots online for extended periods of time and to recover from them quickly.
- C. SVM snapshots can eliminate the need to install backup agents on every virtual machine.
- D. SVM snapshots will protect from physical failures.
- E. SVM snapshots can be used to reduce time required to stage, test, and debug software applications.

Answer: B, C, E

QUESTION: 8

Your customer calls to discuss their SVM servers and their consolidation project's impact on their SVM server port count. They are moving from a pair of dual controllers with four ports to one dual controller with eight ports. Which statement accurately describes what the impact will be?

- A. They will need four more ports on each SVM server.
- B. They will need four fewer ports on each SVM server.
- C. They cannot change the SVM server's port count.
- D. They will need eight more ports on each SVM server.

Answer: C

QUESTION: 9

What are two ways that SVM supports consolidation? (Choose two.)

- A. SVM can reserve space for future use on a LUN-by-LUN basis.
- B. SVM can build RAID structures for enhanced data protection.
- C. SVM can migrate data from multiple storage arrays onto a single storage array.
- D. SVM can make snapshots of volume groups that are spread across multiple storage arrays.

Answer: C, D

QUESTION: 10

What are three functions of the SVM server? (Choose three.)

- A. The SVM server processes control frames.
- B. The SVM server processes data frames.

Pass4sure Certification Exam Features;

- Pass4sure offers over **2500** Certification exams for professionals.
- More than **98,800** Satisfied Customers Worldwide.
- Average **99.8%** Success Rate.
- Over **120** Global Certification Vendors Covered.
- Services of **Professional & Certified Experts** available via support.
- Free **90 days** updates to match real exam scenarios.
- **Instant Download Access!** No Setup required.
- Price as low as **\$19**, which is 80% more **cost effective** than others.
- **Verified answers** researched by industry experts.
- Study Material **updated** on regular basis.
- Questions / Answers are downloadable in **PDF** format.
- Mobile Device Supported (**Android, iPhone, iPod, iPad**)
- **No authorization** code required to open exam.
- **Portable** anywhere.
- **Guaranteed Success.**
- **Fast**, helpful support **24x7**.
