NS0-201

NetworkAppliance
Server Virtualization Accreditation

The NS0-201 practice exam is written and formatted by Certified Senior IT Professionals working in today's prospering companies and data centers all over the world! The NS0-201 Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently. The NS0-201 exam is very challenging, but with our NS0-201 questions and answers practice exam, you can feel confident in obtaining your success on the NS0-201 exam on your FIRST TRY!

NetworkAppliance NS0-201 Exam Features

- Detailed questions and answers for NS0-201 exam
- Try a demo before buying any NetworkAppliance exam
- NS0-201 questions and answers, updated regularly
- Verified NS0-201 answers by Experts and bear almost 100% accuracy
- NS0-201 tested and verified before publishing
- NS0-201 examcollection vce questions with exhibits
- NS0-201 same questions as real exam with multiple choice options

Acquiring NetworkAppliance certifications are becoming a huge task in the field of I.T. More over these exams like NS0-201 exam are now continuously updating and accepting this challenge is itself a task. This NS0-201 test is an important part of NetworkAppliance certifications. We have the resources to prepare you for this. The NS0-201 exam is essential and core part of NetworkAppliance certifications and once you clear the exam you will be able to solve the real life problems yourself.Want to take advantage of the Real NS0-201 Test and save time and money while developing your skills to pass your NetworkAppliance NS0-201 Exam? Let us help you climb that ladder of success and pass your NS0-20

Question: 1
When you mount a FlexClone of a VMFS datastore on your ESX server, which two conditions are true? (Choose two.)

A. The virtual machines in the FlexClone are automatically registered.
B. The FlexClone datastore has the same size as the original.
C. The FlexClone datastore has the same name as the original.
D. The FlexClone datastore has a different name than the original.

Answer: B, D

Question: 2
VMware allows for the oversubscription of physical memory to virtual machines. What impact does this configuration have on storage?

A.   Memory oversubscription has no impact on storage.
B.   Oversubscription impacts the storage in the ESX server's swap partition. By default this design requires a swap partition which s twice as large as the amount of physical memory.
C.   Oversubscription requires a dedicated swap partition on shared storage.
D.   Oversubscription is managed as a virtual swap file that exists for each virtual machine and is equal to the size of memory allocated to that virtual machine.

Answer: D

Question: 3
Which single ONTAP volumes would realize the greatest storage savings from deduplication?

A.   One that contains two VMFS datastores consisting of four virtual machines, each having different applications loaded
B.   One that contains a single VMFS datastore consisting of eight virtual machines that have local transaction logs that roll over frequently
C.   One that contains two VMFS datastores consisting of four virtual machines that have a single application that supports the entire environment
D.   One that contains a single VMFS datastore consisting of eight virtual machines that require different patch sets that change frequently

Answer: C

Question: 4
What is a valid LUN type for a LUN used as a virtual RDM for an NTFS file system?

A. VMware
B. Basic
C. Dynamic
D. Windows

Answer: D

Question: 5
Which statement is true about NetApp support for an environment consisting of SnapDrive 5.0 and the ESX 3.0x server operating system?

A.   SnapDrive for Windows is not supported with FCP or iSCSI connections to NetApp storage from the ESX server host operating system.

B. SnapDrive for Windows is supported with iSCSI connections to NetApp storage from the ESX server host operating system

C. SnapDrive for Windows is supported with non-HBA iSCSI connections to NetApp storage from the ESX server host operating system.

D. SnapDrive for Windows is supported with FCP connections to NetApp storage from the ESX server host operating system.

Answer: A

Question: 6
When should Sysprep be run on a virtual machine when using NetApp cloning tools?

A. As the last step of creating the gold image or master copy of the virtual machine
B. On the clone after creating the new virtual machine
C. As part of the VMware guest customization wizard
D. Before installing the guest operating system

Answer: A

Question: 7
A corporation wants to minimize individual virtual machine disk file Recovery Time Objectives (RTOs) and utilize as few steps as possible during the recovery process. Which solution meets these requirements?

A. FCP with Single File SnapRestore
B. NFS with Single File SnapRestore
C. FlexClone
D. LUN Clone

Answer: B

Question: 8
What are two advantages of using NetApp Snapshot copies to back up virtual machines and datastores? (Choose two.)

A. A backup client does not need to be installed on each virtual machine.
B. A NetApp Snapshot copy is free and requires no extra storage.
C. Backups are scheduled at the datastore level and not for each virtual machine.
D. NetApp Snapshot copies can be kept indefinitely without penalty.

Answer: A, C

Question: 9
In which two situations is selling a SnapVault secondary license appropriate? (Choose two.)

A. Customer wants to implement partner Open Systems SnapVault (OSSV) agents to provide application aware backup to disk.
B. Customer must be able to restart critical virtual machines at secondary site with 1 hour Recovery Point Objective (RPO).
C. Customer requires different retention schedules on primary and secondary storage.
D. Customer needs to be able to resync back to the primary site after a disaster.

Answer: A, C

Question: 10

Pass4sure Certification Exam Features;

- Pass4sure offers over **2500** Certification exams for professionals.
- More than **98,800** Satisfied Customers Worldwide.
- Average **99.8%** Success Rate.
- Over **120** Global Certification Vendors Covered.
- Services of Professional & Certified Experts available via support.
- Free 90 days updates to match real exam scenarios.
- Instant Download Access! No Setup required.
- Price as low as $19, which is 80% more cost effective than others.
- Verified answers researched by industry experts.
- Study Material **updated** on regular basis.
- Questions / Answers are downloadable in **PDF** format.
- Mobile Device Supported (Android, iPhone, iPod, iPad)
- **No authorization** code required to open exam.
- **Portable** anywhere.
- *Guaranteed Success*.
- **Fast**, helpful support 24x7.
