S90-04A

SOA

SOA Project Delivery & Methodology

<http://www.ipass4sure.com/exams.asp?examcode=S90-04A>

The S90-04A practice exam is written and formatted by Certified Senior IT Professionals working in today's prospering companies and data centers all over the world! The S90-04A Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently. The S90-04A exam is very challenging, but with our S90-04A questions and answers practice exam, you can feel confident in obtaining your success on the S90-04A exam on your FIRST TRY!

SOA S90-04A Exam Features

- Detailed questions and answers for S90-04A exam
- Try a demo before buying any SOA exam
- S90-04A questions and answers, updated regularly
- Verified S90-04A answers by Experts and bear almost 100% accuracy
- S90-04A tested and verified before publishing
- S90-04A examcollection vce questions with exhibits
- S90-04A same questions as real exam with multiple choice options

Acquiring SOA certifications are becoming a huge task in the field of I.T. More over these exams like S90-04A exam are now continuously updating and accepting this challenge is itself a task. This S90-04A test is an important part of SOA certifications. We have the resources to prepare you for this. The S90-04A exam is essential and core part of SOA certifications and once you clear the exam you will be able to solve the real life problems yourself. Want to take advantage of the Real S90-04A Test and save time and money while developing your skills to pass your SOA S90-04A Exam? Let us help you climb that ladder of success and pass your S90-04A now!

QUESTION: 1

Top-down approaches typically _____ the long-term governance burden of services.

- A. increase
- B. decrease
- C. eliminate
- D. None of the above.

Answer: B

QUESTION: 2

Two service delivery projects are being carried out concurrently. Each project has its own project team. Even though both projects are delivering services for the same service inventory, each project team is given complete independence as to how services are designed and developed and what design standards are to be used. Which of the following statements describes a likely consequence of this approach?

- A. The service inventory will be comprised of services that comply to different design standards and these services will therefore not be compatible or interoperable.
- B. Services with redundant and overlapping logic may be delivered because no effort was made to coordinate the delivery of the services between the two projects.
- C. One project team may decide to follow a top-down delivery approach, whereas the other project team may follow a bottom-up delivery approach.
- D. All of the above.

Answer: D

QUESTION: 3

The primary deliverable of the service inventory analysis is a _____ of the service inventory.

- A. blueprint
- B. contract
- C. composition architecture
- D. legend

Answer: A

QUESTION: 4

The Inventory Management System project is delivering a modest solution comprised of three services. The project team is following a bottom-up approach whereby service developers are building the services to fulfill tactical (short-term) requirements. Although not everyone agrees with this approach, it does actually directly support the following service-oriented computing goal:

- A. Increased Intrinsic Interoperability
- B. Increased Business and Technology Alignment
- C. Increased Federation
- D. None of the above.

Answer: D

QUESTION: 5

Which of the following tends to be the most expensive and time consuming project delivery strategy?

- A. bottom-up
- B. top-down
- C. meet-in-the-middle
- D. round-about

Answer: C

QUESTION: 6

SOA projects introduce new considerations that tend to augment the traditional project lifecycle as follows:

- A. they tend to introduce the need for more up-front analysis effort
- B. they tend to require closer collaboration between business and technology experts
- C. they tend to require a careful prioritization of tactical (short-term) and strategic (long-term) requirements
- D. they tend to introduce new project roles

Answer: A, B, C, D

QUESTION: 7

A service candidate is:

- A. a conceptual service
- B. a proposed service that may not yet physically exist
- C. a modeled service produced via a service modeling process
- D. a modeled service that initially acts as the starting point for the physical design of the service

Answer: A, B, C, D

QUESTION: 8

Bottom-up delivery is generally focused on fulfilling _____ requirements while top-down delivery is generally focused on fulfilling _____ requirements.

- A. tactical (short-term), tactical (short-term)
- B. strategic (long-term), strategic (long-term)
- C. tactical (short-term), strategic (long-term)
- D. strategic (long-term), tactical (short-term)

Answer: C

QUESTION: 9

Which of the following statements makes sense?

- A. The bottom-up approach is tactical (short-term) and therefore advocates that up-front analysis effort be carried out before the service inventory blueprint is finalized.
- B. The top-down approach is tactical (short-term) and therefore advocates that up-front analysis effort be carried out before the service inventory blueprint is finalized.
- C. The bottom-up approach is strategic (long-term) and therefore advocates that up-front analysis effort be carried out before the service inventory blueprint is finalized.
- D. The top-down approach is strategic (long-term) and therefore advocates that up-front analysis effort be carried out before the service inventory blueprint is finalized.

Answer: D

QUESTION: 10

Which of the following statements is true?

- A. The meet-in-the-middle delivery approach allows an on-going top-down analysis to occur while services are designed and delivered. The only requirement is that

Pass4sure Certification Exam Features;

- Pass4sure offers over **2500** Certification exams for professionals.
- More than **98,800** Satisfied Customers Worldwide.
- Average **99.8%** Success Rate.
- Over **120** Global Certification Vendors Covered.
- Services of **Professional & Certified Experts** available via support.
- Free **90 days** updates to match real exam scenarios.
- **Instant Download Access!** No Setup required.
- Price as low as **\$19**, which is 80% more **cost effective** than others.
- **Verified answers** researched by industry experts.
- Study Material **updated** on regular basis.
- Questions / Answers are downloadable in **PDF** format.
- Mobile Device Supported (**Android, iPhone, iPod, iPad**)
- **No authorization** code required to open exam.
- **Portable** anywhere.
- **Guaranteed Success.**
- **Fast**, helpful support **24x7**.
