TB0-120

Tibco

TIBCO Enterprise Message Service 6 Certification Exam

<http://www.ipass4sure.com/exams.asp?examcode=TB0-120>

The TB0-120 practice exam is written and formatted by Certified Senior IT Professionals working in today's prospering companies and data centers all over the world! The TB0-120 Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently. The TB0-120 exam is very challenging, but with our TB0-120 questions and answers practice exam, you can feel confident in obtaining your success on the TB0-120 exam on your FIRST TRY!

Tibco TB0-120 Exam Features

- Detailed questions and answers for TB0-120 exam
- Try a demo before buying any Tibco exam
- TB0-120 questions and answers, updated regularly
- Verified TB0-120 answers by Experts and bear almost 100% accuracy
- TB0-120 tested and verified before publishing
- TB0-120 examcollection vce questions with exhibits
- TB0-120 same questions as real exam with multiple choice options

Acquiring Tibco certifications are becoming a huge task in the field of I.T. More over these exams like TB0-120 exam are now continuously updating and accepting this challenge is itself a task. This TB0-120 test is an important part of Tibco certifications. We have the resources to prepare you for this. The TB0-120 exam is essential and core part of Tibco certifications and once you clear the exam you will be able to solve the real life problems yourself. Want to take advantage of the Real TB0-120 Test and save time and money while developing your skills to pass your Tibco TB0-120 Exam? Let us help you climb that ladder of success and pass your TB0-120 now!

QUESTION: 1

Which three commands will update EMS configuration files when an exclusive commit command is issued from EMS? (Choose three.)

- A. set server client trace=enabled
- B. set server password=password
- C. set server authorization=enabled
- D. set server track_message_ids=enabled
- E. set server routing=enabled

Answer: B, C, D

QUESTION: 2

Which two actions are most likely to improve EMS server performance? (Choose two.)

- A. Adding an additional CPU to the server running EMS
- B. Improving physical disk performance
- C. Switching from a file-based store to a database store
- D. Increasing network I/O capacity on the server

Answer: B, D

QUESTION: 3

The company naming standard states that all queue names must start with the letter C. How can the administrator of the EMS server enforce this naming standard for dynamic queues?

- A. By disabling creation of dynamic destinations in the tibemsd.conf file
- B. By changing create-destination permission for users
- C. By having c. > as the only entry with a wildcard in the queues.conf file
- D. By setting a rule to add c. as a prefix to all dynamic queues

Answer: C

QUESTION: 4

Which two statements are true about the listen parameter? (Choose two.)

- A. The listen parameter is set in the tibemsd.conf file.
- B. Multiple listen parameters can be set in the TIBCO EMS configuration file.
- C. TCP is the only protocol supported in the listen parameter.
- D. The listen parameter is set in the transports, conf file.

Answer: A, B

QUESTION: 5

Which two statements are true about selector functions? (Choose two.)

- A. A selector's conditional expression can refer to values of the message body.
- B. They are available for use in the bridging functions, helping to reduce unnecessary network traffic.
- C. They are useful when used in conjunction with topic browser functions.
- D. They are available to control the flow of messages along a route.

Answer: B, D

QUESTION: 6

Which command displays message count delivered to a queue receiver?

- A. Show consumers
- B. Show receivers
- C. Show connections
- D. Show users

Answer: A

QUESTION: 7

Which two statements are true about routing queue messages? (Choose two.)

- A. Routed queue messages can travel to adjacent servers without reaching the home queue.
- B. Each server in the route path must have its queue defined as global.
- C. The concept of zones and hops does not apply to queue messages.
- D. Queue messages can travel multiple hops.

Answer: B, C

QUESTION: 8

An EMS server and client are receiving heartbeats. Given the following EMS server settings: - `client_timeout_server_connection = 20 seconds` - `server_timeout_client_connection = 10 seconds` What are two possible outcomes? (Choose two.)

- A. If EMS server does not receive heartbeats from a client for a period exceeding 10 seconds, the EMS server will close the connection.
- B. If EMS server does not receive heartbeats from a client for a period exceeding 20 seconds, the EMS server will close the connection.
- C. If a client does not receive heartbeats from EMS server for a period exceeding 10 seconds, the client will close the connection.
- D. If a client does not receive heartbeats from EMS server for a period exceeding 20 seconds, the client will close the connection.

Answer: A, D

QUESTION: 9

Which two conditions can cause messages in a queue to be moved to the undelivered queue? (Choose two.)

- A. The number of delivery attempts has reached the limit defined for the queue.
- B. The number of pending messages has reached the limit defined for the queue.
- C. The length of time the message has been retained in the queue has exceeded the limit defined for the queue.
- D. The overflow policy for the queue has been set to discard the oldest messages.

Answer: A, C

QUESTION: 10

Which two statements are true about synchronous and asynchronous message consumption? (Choose two.)

- A. For synchronous consumption, the message consumer explicitly invokes a receive call on the topic or queue.
- B. The consumer can receive messages synchronously by registering a synchronous message listener to receive the messages.

Pass4sure Certification Exam Features;

- Pass4sure offers over **2500** Certification exams for professionals.
- More than **98,800** Satisfied Customers Worldwide.
- Average **99.8%** Success Rate.
- Over **120** Global Certification Vendors Covered.
- Services of **Professional & Certified Experts** available via support.
- Free **90 days** updates to match real exam scenarios.
- **Instant Download Access!** No Setup required.
- Price as low as **\$19**, which is 80% more **cost effective** than others.
- **Verified answers** researched by industry experts.
- Study Material **updated** on regular basis.
- Questions / Answers are downloadable in **PDF** format.
- Mobile Device Supported (**Android, iPhone, iPod, iPad**)
- **No authorization** code required to open exam.
- **Portable** anywhere.
- **Guaranteed Success.**
- **Fast**, helpful support **24x7**.
