# 000-078

## IBM

*eServer BladeCenter*

<http://www.ipass4sure.com/exams.asp?examcode=000-078>

The 000-078 practice exam is written and formatted by Certified Senior IT Professionals working in today's prospering companies and data centers all over the world! The 000-078 Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently. The 000-078 exam is very challenging, but with our 000-078 questions and answers practice exam, you can feel confident in obtaining your success on the 000-078 exam on your FIRST TRY!

### IBM 000-078 Exam Features

- Detailed questions and answers for 000-078 exam
- Try a demo before buying any IBM exam
- 000-078 questions and answers, updated regularly
- Verified 000-078 answers by Experts and bear almost 100% accuracy
- 000-078 tested and verified before publishing
- 000-078 exam questions with exhibits
- 000-078 same questions as real exam with multiple choice options

Acquiring IBM certifications are becoming a huge task in the field of I.T. More over these exams like 000-078 exam are now continuously updating and accepting this challenge is itself a task. This 000-078 test is an important part of IBM certifications. We have the resources to prepare you for this. The 000-078 exam is essential and core part of IBM certifications and once you clear the exam you will be able to solve the real life problems yourself. Want to take advantage of the Real 000-078 Test and save time and money while developing your skills to pass your IBM 000-078 Exam? Let us help you climb that ladder of success and pass your 000-078 now!

**QUESTION 1:**

Certkiller .com has been running a BladeCenter with three HS20 blades and three JS20 blades error-free for six months. After installing a new HS20 blade, Certkiller .com can't get it to power on. Which of the following redundant options is required to resolve the issue?

- A. Switch Modules
- B. Management Modules
- C. Power Supply Modules
- D. Power Distribution Units

Answer: C

---

**QUESTION 2:**

Certkiller .com installed an IBM BladeCenter with Cisco IGbESM and five HS20 Blades. None of the blades can boot to PXE server. Which of the following explains how to resolve this problem?

- A. Move the blade servers to VLAN 1
- B. Disable Gratuitous ARP on the Management Module
- C. Configure the Management Module and the Blade servers on separate VLANs
- D. Configure the Management Module and the blade servers on the same VLAN

Answer: C

---

**QUESTION 3:**

Certkiller .com is planning to install a new BladeCenter chassis in an empty IBM 42U Enterprise rack. In which rack position should the chassis be installed?

- A. In any position
- B. At the top of the rack
- C. At the bottom of the rack
- D. Between positions 10 and 20

Answer: C

---

**QUESTION 4:**

Certkiller .com requires a BladeCenter solution that will support DC power and legacy Ethernet adapters. Which of the following will satisfy Certkiller .com's requirements?

- A. BladeCenter with DC Power Supply Modules and HS20 blades with PCI I/O expansion units
- B. BladeCenter with DC Power Supply Modules and HS20 Blades with Ethernet Expansion cards
- C. BladeCenter T with DC power supply module and HS20 blades with PCI I/O expansion units
- D. BladeCenter T with DC Power Supply Modules and HS20 blades with Ethernet Expansion cards

Answer: C

---

### **QUESTION 5:**

Certkiller .com has the following configuration:

A BladeCenter Chassis with two fibre channel switch modules and two Ethernet switch modules, Four Blade each with fibre channel expansion card option installed. A DS4300 direct-attached to both fibre switch modules in chassis, Microsoft Windows Server 2003 Standard Edition Installed on all four blades  
Certkiller .com has successfully installed Microsoft Windows on all blades that boot from SAN. However, each partition is showing up twice in the Disk Management screen in Windows. Which of the following will correct this problem?

- A. Install Windows 2003 Service Pack 1
- B. Install the appropriate RDAC drivers
- C. Install Windows 2003 Enterprise Edition
- D. Enable the Host Adapter BIOS on both fibre channel expansion cards

Answer: B

---

### **QUESTION 6:**

Certkiller .com has a BladeCenter with ten HS20 blades, each with fibre channel expansion cards. Certkiller .com would like to connect these blades to a DS4300 storage server. They have two external Brocade Fibre channel switches and two internal Brocade Enterprise Switch Modules. Which of the following is the proper cabling solution for a redundant environment?

- A. Two LC-LC 5M cables from each switch module to the two external brocade switches
- B. Two SC-SC 5M cables from each switch module to the two external Brocade switches
- C. Six optical Pass-thru Module LC cables
- D. Six optical Pass-thru Module SC cables

Answer: A

---

### **QUESTION 7:**

**000-078**

Certkiller .com would like to add five HS20 8843 blades into an existing BladeCenter Chassis with two HS20 8832 and 1800W Power supplies. Which of the following is the most cost-effective solution without introducing any downtime?

- A. Add a 2000w power-supply kit and place the new Blades in slots 7 through 11
- B. Add additional 1800w power supplies and put the five HS20 8843 into slots 7 through 11
- C. Replace the 1800w with 2000w power supplies and place the new blades in slots 3 through 7
- D. Replace the 1800w power supplies with 2000w power supplies and add an additional 2000w power supply kit

Answer: A

---

**QUESTION 8:**

Certkiller .com would like to use a tool to install the latest system BIOS 8843 blade servers. They want to minimize rebooting the server to achieve this goal. Which of the following will satisfy Certkiller .com's requirement?

- A. IBM ServerGuide CD
- B. IBM Server Plus Pack
- C. IBM Software Distribution
- D. UpdateXpress and RemoteUX utility

Answer: D

---

**QUESTION 9:**

An administrator is deploying VMWare ESX Server 2.1 on a new BladeCenter. There are six HS40 blades with IDE drives and two HS20 8843 blades. The installation has failed on the HS20 blades. What is the most likely cause?

- A. Device drivers for the HS20 have not been loaded
- B. VMWare ESX Server 2.1 does not support IDE Drives
- C. VMWare ESX Server 2.1 is not supported on the HS20 8843
- D. Device drivers for the EM64T processors have not been loaded

Answer: C

---

**QUESTION 10:**

What is an important benefit of using a switch compliant to IEEE 802.3ad?

- A. The switch allows multiple proprietary protocols to forward traffic between switches
- B. The switch allows use of logical groups within a switch in order to control broadcast

traffic

- C. The switch can combine physical links into one point-to-point logical link for increased bandwidth
- D. The switch discovers a loop-free network (tree) and provides a single physical path between any two stations

Answer: C

---

**QUESTION 11:**

While using BladeCenter Assistant in IBM Director, which of the following task lists would be used to view the event log?

- A. IBM Director, Status and VPD, Event Log
- B. BladeCenter Wizard, Status and VPD, Event Log
- C. BladeCenter Management, status and VPD,Event Log
- D. BladeCenter Configuration, Status and VPD, Event Log

Answer: C

---

**QUESTION 12:**

Certkiller .com requires a blade-based NEBS compliant solution. Which of the following would satisfy Certkiller .com's requirements?

- A. BladeCenter Chassis
- B. Bladecenter T chassis
- C. BladeCenter Chassis with NEBS upgrade option
- D. BladeCenter chassis T Chassis with NEBS upgrade option

Answer: B

---

**QUESTION 13:**

Certkiller .com is replacing several existing servers and is consolidating them into a BladeCenter solution. The following servers are being considered for consolidation. Two Microsoft SQL server two-node clusters with each node containing four processors and hot swap SCSI drives.

Tow physical Microsoft Active Directory Servers. 22 Physical Critix servers? Three physical web servers. One physical Virtual Center and VMotion server  
Eight Physical VMWare ESX servers

Which of the following configurations will best satisfy the requirements?

- A. Three BladeCenter Chassis, two Fibre modules, eight Ethernet Modules
- B. Three BladeCenter Chassis, four modules, eight Ethernet Modules
- C. Four BladeCenter Chassis, two fibre modules, four Ethernet Modules

## Pass4sure Certification Exam Features;

- Pass4sure offers over **2500** Certification exams for professionals.
- More than **98,800** Satisfied Customers Worldwide.
- Average **99.8%** Success Rate.
- Over **120** Global Certification Vendors Covered.
- Services of **Professional & Certified Experts** available via support.
- Free **90 days** updates to match real exam scenarios.
- **Instant Download Access!** No Setup required.
- Price as low as **\$19**, which is 80% more **cost effective** than others.
- **Verified answers** researched by industry experts.
- Study Material **updated** on regular basis.
- Questions / Answers are downloadable in **PDF** format.
- Mobile Device Supported (**Android, iPhone, iPod, iPad**)
- **No authorization** code required to open exam.
- **Portable** anywhere.
- **Guaranteed Success.**
- **Fast**, helpful support **24x7**.
