IBM

IBM Tivoli Storage Manager V5.3 Implementation

<http://www.ipass4sure.com/exams.asp?examcode=000-799>

The 000-799 practice exam is written and formatted by Certified Senior IT Professionals working in today's prospering companies and data centers all over the world! The 000-799 Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently. The 000-799 exam is very challenging, but with our 000-799 questions and answers practice exam, you can feel confident in obtaining your success on the 000-799 exam on your FIRST TRY!

IBM 000-799 Exam Features

- Detailed questions and answers for 000-799 exam
- Try a demo before buying any IBM exam
- 000-799 questions and answers, updated regularly
- Verified 000-799 answers by Experts and bear almost 100% accuracy
- 000-799 tested and verified before publishing
- 000-799 exam questions with exhibits
- 000-799 same questions as real exam with multiple choice options

Acquiring IBM certifications are becoming a huge task in the field of I.T. More over these exams like 000-799 exam are now continuously updating and accepting this challenge is itself a task. This 000-799 test is an important part of IBM certifications. We have the resources to prepare you for this. The 000-799 exam is essential and core part of IBM certifications and once you clear the exam you will be able to solve the real life problems yourself. Want to take advantage of the Real 000-799 Test and save time and money while developing your skills to pass your IBM 000-799 Exam? Let us help you climb that ladder of success and pass your 000-799 now!

QUESTION 1:

Certkiller .com has a firewall protected environment. Which feature enables them to create scheduled backups through the firewall?

- A. use web ports
- B. use tcpadminport
- C. set schedmode polling
- D. set schedmode prompted

Answer: C

QUESTION 2:

A UNIX IBM Tivoli Storage Manager (Storage Manager) client with many files on multiple disks is attaché to a Storage Manager server with sufficient disk pool storage over a Gigabit network. The backup is not completing within the predefined backup window. Which action is most likely to reduce the backup duration?

- A. backup directly to tape
- B. reduce the back up window parameter
- C. increase the CONCURRENTBACKUP parameter
- D. increase RESOURCEUTILIZATION on the Storage Manager client

Answer: D

QUESTION 3:

An administrative user is manually formatting a storage pool volume. Which additional step is required to add a new disk storage pool with space for archive data?

- A. define a storage pool and add the volume to the storage pool.
- B. Issue the vary on command specifying the storage pool name.
- C. Define a storage pool volume and add the storage pool to the volume
- D. Issue the vary command specifying the storage pool volume name

Answer: A
