# 000-868

## IBM

*System I Technical Solutions – Design (including i5/OS V5R4)*

<http://www.ipass4sure.com/exams.asp?examcode=000-868>

The 000-868 practice exam is written and formatted by Certified Senior IT Professionals working in today's prospering companies and data centers all over the world! The 000-868 Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently. The 000-868 exam is very challenging, but with our 000-868 questions and answers practice exam, you can feel confident in obtaining your success on the 000-868 exam on your FIRST TRY!

### IBM 000-868 Exam Features

- Detailed questions and answers for 000-868 exam
- Try a demo before buying any IBM exam
- 000-868 questions and answers, updated regularly
- Verified 000-868 answers by Experts and bear almost 100% accuracy
- 000-868 tested and verified before publishing
- 000-868 exam questions with exhibits
- 000-868 same questions as real exam with multiple choice options

Acquiring IBM certifications are becoming a huge task in the field of I.T. More over these exams like 000-868 exam are now continuously updating and accepting this challenge is itself a task. This 000-868 test is an important part of IBM certifications. We have the resources to prepare you for this. The 000-868 exam is essential and core part of IBM certifications and once you clear the exam you will be able to solve the real life problems yourself. Want to take advantage of the Real 000-868 Test and save time and money while developing your skills to pass your IBM 000-868 Exam? Let us help you climb that ladder of success and pass your 000-868 now!

**QUESTION 1**

Certkiller .com has a model 270 (465/30 CPW) that is fully utilized. They just completed WebFacing their applications and adding Java based modernization using Enterprise Java Beans and WebSphere Application Server 6. Based on this information, which of the following is the most appropriate i5 system for this customer?

- A. System i5 520-0906 Standard Edition (3800 CPW)
- B. System i5 520-0906 Enterprise Edition (3800 CPW)
- C. System i5 550-0910 Solution Edition (3800/0 CPW)
- D. System i5 520-0975 WebSphere Edition with Accelerator (3100/30 CPW)

Answer: A

---

**QUESTION 2**

Certkiller .com requires that various System i applications reside in different layers of protection from the internet.

Public Domain - Application A

DMZ - Application B

Intranet - Application C

How can the system be configured to isolate the access to these applications?

- A. Install Linux on a hosted partition and use the IP security in Linux firewall to filter at the various levels.
- B. Place multiple LAN cards in the System i5 server and put firewalls between the LAN interface and the various network points.
- C. Install multiple LAN cards in the System i5 server and install Cryptographic Support (5722-AC3).
- D. Put the applications in different partitions on the System i5 server.

Answer: D

---

**QUESTION 3**

What is the minimum load source size for V5R4?

- A. 17GB
- B. 35GB
- C. 4GB
- D. 8GB

Answer: A

---

**QUESTION 4**

Certkiller .com is considering a migration from an 820-2395 model with CPW of 370/35 to a System i5 model. In the future, they expect their OLTP to remain constant and their batch to increase when they begin using Domino. Which of the following would support

this configuration at the least cost?

- A. IBM System i5 520 Express configuration 8325-0970 with 600/30 CPW
- B. IBM System i5 520 advanced POWER5+ 8327-0906 Standard Edition with 2800 CPW
- C. IBM System i5 520 Express configuration 8327-0970 with 1200/60 CPW
- D. IBM System i5 520 advanced POWER5+ 8327-0906 Enterprise Edition with 1200 CPW

Answer: C

---

### **QUESTION 5**

Certkiller .com is planning to install a new System i 550 with two #5094 PCI-X Expansion towers. Due to data center requirements, the tower to which a tape library will connect must be situated in a different area of the data center approximately 80 meters away from the system unit. Which HSL cabling option would allow the connection of the tower to the system unit?

- A. The first tower should be attached with 15 meter HSL-2 copper cables, and the second tower with the tape adapter should be attached to the first tower with 75 meter HSL fiber optic cables.
- B. The tower can be attached with 100 meter fiber optic HSL cables using an FC #1807 fiber optic port.
- C. The tower can be attached with 100 meter HSL-2 copper cables using any available HSL loop segment.
- D. The tower can be attached using 100 meter fiber optic HSL cables using the base HSL ports.

Answer: B

---

### **QUESTION 6**

Certkiller .com is upgrading an i820 system to a System i server. IBM has approved a side-by-side upgrade. Since both systems must be on the network at the same time, what factors should be considered when designing the upgrade?

- A. IP and MAC addresses on each system must be unique.
- B. Each system must be at the same Operating System level.
- C. Clustering must be enabled to allow system data synchronization.
- D. Virtual TCP/IP must be configured between Ethernet adapters on each system.

Answer: A

---

### **QUESTION 7**

Certkiller .com with an i825 using operations console is upgrading to a System i 520. They want to be able to run the console remotely and power the system on and off remotely. What is the lowest cost option for meeting these requirements?

- A. Move the operations console with the serial and parallel cables to the i520.
- B. Install a rack mount HMC.
- C. Order the remote power feature for the i520.
- D. Install a desktop HMC.

Answer: D

---

**QUESTION 8**

Certkiller .com has an HA Edition System i 520, model 7373. They want to upgrade this model to an Enterprise Edition with two processors. Which of the following steps must be performed FIRST?

- A. Order Enterprise Edition software.
- B. Convert HA Edition to an Enterprise Edition.
- C. Convert the HA Edition to a Standard Edition.
- D. Order the Enterprise Edition upgrade kit.

Answer: B

---

**QUESTION 9**

Certkiller .com with an existing i810 is upgrading to a System i 520+. The managing partition on the 810 is running OS/400 V5R2 and is dedicated to resource management. The other partitions on the 810 are running i5/OS V5R3. Which of the following upgrade sequences will minimize downtime?

- A. Upgrade the system to i520+, then upgrade the managing partition and all secondary partitions to V5R3M5.
- B. Upgrade the system to i520+, then upgrade all secondary partitions to V5R3M5.
- C. Upgrade the managing partition and all secondary partitions to V5R3M5, then upgrade the system to a i520+.
- D. Upgrade all secondary partitions to V5R3M5, then upgrade the system to a i520+.

Answer: D

---

**QUESTION 10**

Certkiller .com has an i810 with 18 FC #4326 35GB disk units and one FC #5094 with 45 FC #4326 35GB disk units, all using FC #2757 RAID controllers. The customer is upgrading to an i520+. The customer needs approximately 900GB of additional disk and wants to improve reliability with minimal loss of disk performance. Which of the following is a valid solution?

- A. Migrate 10 FC #4326 disk units from the i810 to the i5+ CEC and the rest to a FC #0595 expansion unit. Add two additional FC #0595 expansion units and 29 additional FC #4326 35GB disk units.
- B. Migrate 8 of the disk units from the i810 to the i5 CEC and the rest to a FC #5790

## Pass4sure Certification Exam Features;

- Pass4sure offers over **2500** Certification exams for professionals.
- More than **98,800** Satisfied Customers Worldwide.
- Average **99.8%** Success Rate.
- Over **120** Global Certification Vendors Covered.
- Services of **Professional & Certified Experts** available via support.
- Free **90 days** updates to match real exam scenarios.
- **Instant Download Access!** No Setup required.
- Price as low as **\$19**, which is 80% more **cost effective** than others.
- **Verified answers** researched by industry experts.
- Study Material **updated** on regular basis.
- Questions / Answers are downloadable in **PDF** format.
- Mobile Device Supported (**Android, iPhone, iPod, iPad**)
- **No authorization** code required to open exam.
- **Portable** anywhere.
- **Guaranteed Success.**
- **Fast**, helpful support **24x7**.
