Question: 9

A new employee has been hired by Company A to fill a new function as a global LDAP administrator. This employee will also be responsible for performing tasks within the payroll system and performing updates in the sales system.

Company A is using IBM Tivoli Identity Manager (ITIM) V5.0 to provision new users into the corporate information technology resources shortly after they have been hired. Some resources have restricted access and require specific approvals or other information before a new user account is created.

User accounts will be provisioned for all new users appearing in the HR feed that IBM Tivoli Identity Manager V5.0 receives on these target systems:

- Active Directory
- Enterprise LDAP User
- Exchange

These target systems require the user first-line manager approval before the account is provisioned:

- Payroll
- Human Resources

These target systems require the system owner approval before the account is provisioned:

- Purchasing
- Sales

These account types for the Enterprise LDAP require approval from the Information Technology Risk group. The Information Technology Risk group is also required to submit additional information regarding justification for the account:

- Account types
 - # Administrator
 - # Back Operator
 - # Global Administrator
 - # Superuser
- Justification
 - # Replacement support role
 - # New function # Business requirement
 - # Other: Explain

Approvers are given 24 hours to take action on an approval request (either approve or reject). If no action is taken within 24 hours, the approval request is escalated to the Service Desk for manual intervention. The Service Desk will manually reassign the request to a peer approver (as designated in Company A's quarterly organizational chart), if available, or reject the request. Rejection by any one approver will affect only the account under that approver domain of approval.

What additional information will the Information Technology Risk group be required to provide?

- A. Justification
- B. Account Type
- C. Account Attributes
- D. First Line Manager

Answer: A
