000-939

IBM

*IBM Tivoli Change and Configuration Management Database
V7.1.1*

<http://www.ipass4sure.com/exams.asp?examcode=000-939>

The 000-939 practice exam is written and formatted by Certified Senior IT Professionals working in today's prospering companies and data centers all over the world! The 000-939 Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently. The 000-939 exam is very challenging, but with our 000-939 questions and answers practice exam, you can feel confident in obtaining your success on the 000-939 exam on your FIRST TRY!

IBM 000-939 Exam Features

- Detailed questions and answers for 000-939 exam
- Try a demo before buying any IBM exam
- 000-939 questions and answers, updated regularly
- Verified 000-939 answers by Experts and bear almost 100% accuracy
- 000-939 tested and verified before publishing
- 000-939 exam questions with exhibits
- 000-939 same questions as real exam with multiple choice options

Acquiring IBM certifications are becoming a huge task in the field of I.T. More over these exams like 000-939 exam are now continuously updating and accepting this challenge is itself a task. This 000-939 test is an important part of IBM certifications. We have the resources to prepare you for this. The 000-939 exam is essential and core part of IBM certifications and once you clear the exam you will be able to solve the real life problems yourself. Want to take advantage of the Real 000-939 Test and save time and money while developing your skills to pass your IBM 000-939 Exam? Let us help you climb that ladder of success and pass your 000-939 now!

Question: 1

Which statement is true for both CCMDB and TADDM representations of the Common Data Model?

- A. Relationship rules are unidirectional.
- B. The CI types are created by the product installer.
- C. CI Type inheritance is represented using object inheritance.
- D. All CI relationships are validated against the relationship rules before they can be created.

Answer: D

Question: 2

Which category of individuals are needed to certify the validity of an impact analysis for a given CCMDB environment?

- A. Subject Matter Experts
- B. Environmental Experts
- C. Chief Information Officers
- D. Human Resources Officers

Answer: A

Question: 3
