**QUESTION: 5**

Based upon discussions with several different vendors, a client has requested an Intrusion Prevention System (IPS) competitive evaluation. What action should the seller take?

- A. Request that IBM Global Finance deliver evaluation equipment to the client.
- B. Complete the evaluation agreement form, and deliver the equipment to the client for testing.
- C. Provide the client with a tour of a Global Security Operations Center to showcase the capabilities of IBM security products.
- D. Work with a Systems Engineer to schedule delivery and implementation of the evaluation product in the client's environment.

**Answer: D**

**Explanation:**

The action a seller should take is to work with systems engineer to schedule delivery of the product and implementation as well. A seller can always get the evaluation agreement form later on but first he/she needs to prepare properly by discussing the situation with systems engineer and laying out a plan to implement the evaluation product in client's environment.
