- 117-010 same questions as real exam with multiple choice options

Acquiring LPI certifications are becoming a huge task in the field of I.T. More over these exams like 117-010 exam are now continuously updating and accepting this challenge is itself a task. This 117-010 test is an important part of LPI certifications. We have the resources to prepare you for this. The 117-010 exam is essential and core part of LPI certifications and once you clear the exam you will be able to solve the real life problems yourself. Want to take advantage of the Real 117-010 Test and save time and money while developing your skills to pass your LPI 117-010 Exam? Let us help you climb that ladder of success and pass your 117-010 now!

QUESTION: 1

When using a web browser, what should a user do to prevent private data from being stored locally?

- A. Browsers can be configured to use a private mode that does not store any data locally.
- B. Set up a second profile and use only that one to access sensitive sites.
- C. Delete the profile directory in the home directory and create a new one after the work is done.
- D. Use the secure versions of the browser available.
- E. There is no way to achieve that because Linux always logs network data.

Answer: A
