

250-521

Symantec

Design of Data Protection Solutions for Windows (NBU 5.0)

<http://www.ipass4sure.com/exams.asp?examcode=250-521>

The 250-521 practice exam is written and formatted by Certified Senior IT Professionals working in today's prospering companies and data centers all over the world! The 250-521 Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently. The 250-521 exam is very challenging, but with our 250-521 questions and answers practice exam, you can feel confident in obtaining your success on the 250-521 exam on your FIRST TRY!

Symantec 250-521 Exam Features

- Detailed questions and answers for 250-521 exam
- Try a demo before buying any Symantec exam
- 250-521 questions and answers, updated regularly
- Verified 250-521 answers by Experts and bear almost 100% accuracy
- 250-521 tested and verified before publishing
- 250-521 exam questions with exhibits
- 250-521 same questions as real exam with multiple choice options

Acquiring Symantec certifications are becoming a huge task in the field of I.T. More over these exams like 250-521 exam are now continuously updating and accepting this challenge is itself a task. This 250-521 test is an important part of Symantec certifications. We have the resources to prepare you for this. The 250-521 exam is essential and core part of Symantec certifications and once you clear the exam you will be able to solve the real life problems yourself. Want to take advantage of the Real 250-521 Test and save time and money while developing your skills to pass your Symantec 250-521 Exam? Let us help you climb that ladder of success and pass your 250-521 now!

Exam Name:	Design of Data Protection Solutions for Windows (NBU 5.0)		
Exam Type:	Symantec		
Exam Code:	250-521	Total Question	105

Question: 1

A system administrator has communicated an interest in using the Net Backup Flash Backup feature of the Advanced Client. What key technical information must you gather in order to know whether this feature would be appropriate?

- A. Number of files on the file system
- B. Frequency of backups needed
- C. Density of the tapes being used for backups
- D. Age of the files on the file system

Answer: A

Question: 2

Your environment consists of several Net Backup 5.0 domains as well as Backup Exec 9.1 and 8.6 servers. You want to monitor all backup operations from a single console. Which product will allow this?

- A. Data Lifecycle Manager
- B. Remote Administration Console
- C. Global Data Manager
- D. Advanced Reporter

Answer: C

Question: 3

You must design a data protection solution for a large number of Windows 2003 servers configured as Net Backup clients. Security is a high priority. Which two items must be protected in order to preserve security configurations in the event of a disaster? (Choose two)

- A. Active Directory
- B. DHCP servers
- C. Routing servers
- D. Certificate servers

Answer: A, D

Question: 4

What are three factors to consider when planning a highly available Net Backup environment? (Choose three.)

- A. Is there more than one switch in your network environment?
- B. How many people are being cross-trained as Net Backup Administrators?
- C. Is the master server in a supported high availability configuration?
- D. Is there more than one backup window per night?

Answer: A, B, C

Question: 5

What effect does a multiplex backup have on the restore time of a single file?

- A. Increases file seek time on tape
- B. Decreases catalog overhead
- C. Increases multithreading overhead
- D. Decreases tape mount time

Exam Name:	Design of Data Protection Solutions for Windows (NBU 5.0)		
Exam Type:	Symantec		
Exam Code:	250-521	Total Question	105

Answer: A

Question: 6

You are determining the scope of a data protection solution. You have already analyzed preferences and deadlines. Which two other items must be analyzed before you can provide a solution? (Choose two.)

- A. Information in the SLA
- B. Network infrastructure
- C. Number of employees
- D. Number of tapes purchased

Answer: A, B

Question: 7

You want to evaluate an environment for a Net Backup 5.0 implementation. You are already aware of which servers will be the master and media servers and which agents will be used. What else do you determine in order to provide the proper installation requirements for Net Backup?

- A. Is Name Resolution functioning properly?
- B. Is every client present in the master server hosts file?
- C. Is the root partition on the master server mirrored?
- D. Is mySQL installed?

Answer: A

Question: 8

Which three items are considered in a Data Protection design? (Choose three.)

- A. Company hardware standards
- B. The type of cabling used for networks and SAN
- C. Data throughput speeds over networks and SAN
- D. Business requirements for recovery point and time

Answer: A, C, D

Question: 9

When determining the required backup performance of a Data Protection design, which three items should be determined? (Choose three.)

- A. Media server backup performance
- B. Network and SAN data rates
- C. Capacity of tape media
- D. Client backup windows

Answer: A, B, D

Question: 10

Which three items are optional considerations in a Data Protection design? (Choose three.)

- A. Using supported server platforms
- B. Using agents for databases
- C. Using mirror snapshots for backups
- D. Using a private backup network

Pass4sure Certification Exam Features;

- Pass4sure offers over **2500** Certification exams for professionals.
- More than **98,800** Satisfied Customers Worldwide.
- Average **99.8%** Success Rate.
- Over **120** Global Certification Vendors Covered.
- Services of **Professional & Certified Experts** available via support.
- Free **90 days** updates to match real exam scenarios.
- **Instant Download Access!** No Setup required.
- Price as low as **\$19**, which is 80% more **cost effective** than others.
- **Verified answers** researched by industry experts.
- Study Material **updated** on regular basis.
- Questions / Answers are downloadable in **PDF** format.
- Mobile Device Supported (**Android, iPhone, iPod, iPad**)
- **No authorization** code required to open exam.
- **Portable** anywhere.
- **Guaranteed Success.**
- **Fast**, helpful support **24x7**.
