The A2030-283 practice exam is written and formatted by Certified Senior IT Professionals working in today’s prospering companies and data centers all over the world! The A2030-283 Practice Test covers all the exam topics and objectives and will prepare you for success quickly and efficiently. The A2030-283 exam is very challenging, but with our A2030-283 questions and answers practice exam, you can feel confident in obtaining your success on the A2030-283 exam on your FIRST TRY!

IBM A2030-283 Exam Features

- Detailed questions and answers for A2030-283 exam
- Try a demo before buying any IBM exam
- A2030-283 questions and answers, updated regularly
- Verified A2030-283 answers by Experts and bear almost 100% accuracy
- A2030-283 tested and verified before publishing
- A2030-283 exam questions with exhibits
- A2030-283 same questions as real exam with multiple choice options

Acquiring IBM certifications are becoming a huge task in the field of I.T. More over these exams like A2030-283 exam are now continuously updating and accepting this challenge is itself a task. This A2030-283 test is an important part of IBM certifications. We have the resources to prepare you for this. The A2030-283 exam is essential and core part of IBM certifications and once you clear the exam you will be able to solve the real life problems yourself. Want to take advantage of the Real A2030-283 Test and save time and money while developing your skills to pass your IBM A2030-283 Exam? Let us help you climb that ladder of success and pass your A2030-283 now!
**QUESTION:** 1  
Which costing model is leveraged to provide cost efficiency in the public cloud computing model?

A. Capital Expenditure  
B. Investment Expenditure  
C. Operational Expenditure  
D. Reserve Capital Expenditure  

**Answer:** C

**QUESTION:** 2  
What are two essential characteristics of a cloud computing model? (Choose two.)

A. Rapid elasticity  
B. Measured service  
C. Integrated security  
D. Single tenant model only  
E. Dedicated vendor relationships  

**Answer:** A, B

**QUESTION:** 3  
What is a benefit of standardization for cloud consumers or users?

A. services language is better understood  
B. services are obtained faster and cheaper  
C. standard offerings do not require approval  
D. it helps lower the costs for cloud service providers  

**Answer:** B

**QUESTION:** 4  
Which cloud computing feature is different when compared to traditional data center infrastructures?

A. Ordering, installing, and configuring physical resources  
B. Manually decommissioning physical resources when demand on the workload is reduced  
C. Dynamic scaling of computing infrastructure available to a workload based upon measured

2 http://www.certmagic.com
D. Alertingsystem administrators to taken an action as the measured demand on the workload changes

Answer: C

QUESTION: 5
On-premise and off-premise clouds are formed by which type of connection?

A. Local Area Network (LAN)
B. Wide Area Network (WAN)
C. Virtual Private Network (VPN)
D. Virtual Local Area Network (VLAN)

Answer: B

QUESTION: 6
How does virtualization create a more agile and responsive cloud computing infrastructure?

A. Automated workflows embedded in cloud computing infrastructures respond more quickly to requests.
B. A self-service portal and service catalog enables cloud consumers to provision resources without human interaction.
C. Applications running in a cloud computing infrastructure can be accessed on demand across the Internet by Web browsers.
D. The supply of virtualized server, storage, and network resources can be dynamically provisioned, moved, or deprovisioned as demand changes.

Answer: D

QUESTION: 7
Which capability is related to the discovery, selection, and subscription of external third-party services?

A. Service catalog capability
B. Partner management interfaces
C. Storefront cloud services interface
D. IT asset discovery and dependency management
Answer: C

QUESTION: 8
Click the Exhibit button.

If the CloudGovernance Model included Highly Available Cloud Service in the Cloud Governance by Objective layer (top), which three options would be included in the Cloud Operations Governance layer (bottom)? (Choose three.)

A. The cloud service must include a disaster recovery plan.
B. The cloud service must include automation to restart a failed virtual machine.
C. The cloud service must have enough spare nodes to meet expected demand.
D. The cloud service network infrastructure must not have any single points of failure.
E. The top 10 vital cloud consumer business applications running in the cloud service must be available 99.99% 24x7.
F. The cloud service must include a change management process that thoroughly tests changes before including them in the production environment.

Answer: A, B, F

QUESTION: 9
Which capability must be in place in order for a failed VM to automatically be replaced and users avoid disruptions in service?

A. VM optimization
B. Solid state drives
C. Dynamic dashboard  
D. Availability management

Answer: D

**QUESTION**: 10  
A hybrid cloud consists of which cloud types?

A. public and private  
B. public and shared  
C. public and storage  
D. public and non-cloud

Answer: A

**QUESTION**: 11  
What is a routine compilation of the procedures and operations which the administrator or operator of the system carries out?

A. runbook  
B. Workflow  
C. Provisioning  
D. Service catalog

Answer: A

**QUESTION**: 12  
Which statement is true about non-functional requirements?

A. They are dictated by vendor hardware and software.  
B. They include extensibility and security requirements.  
C. They are predominately concerned with choosing the right hardware.  
D. They do not include business requirements only technical requirements.

Answer: B

**QUESTION**: 13  
Where is the private cloud deployed?
Pass4sure Certification Exam Features;

- Pass4sure offers over **4500** Certification exams for professionals.
- More than **98,800** Satisfied Customers Worldwide.
- Average **99.8%** Success Rate.
- Over **150** Global Certification Vendors Covered.
- Services of Professional & Certified Experts available via support.
- Free 90 days updates to match real exam scenarios.
- Instant Download Access! No Setup required.
- Price as low as $19, which is 80% more **cost effective** than others.
- Verified answers researched by industry experts.
- Study Material **updated** on regular basis.
- Questions / Answers are downloadable in **PDF** format.
- Mobile Device Supported (Android, iPhone, iPod, iPad)
- **No authorization** code required to open exam.
- **Portable** anywhere.
- **Guaranteed Success**.
- Fast, helpful support **24x7**.
