

# 646-588

## Cisco

### *Advanced Wireless LAN for Account Managers*

Thousands of IT Professionals before you have already passed their 646-588 certification exams using the Cisco 646-588 Practice Exam from [ipass4sure.com](http://ipass4sure.com). Once you start using our 646-588 exam questions you simply can't stop! You are guaranteed to pass your Cisco 646-588 test with ease and in your first attempt.

Here's what you can expect from the [ipass4sure](http://ipass4sure.com) Cisco 646-588 course:

- \* Up-to-Date Cisco 646-588 questions designed to familiarize you with the real exam.
- \* 100% correct Cisco 646-588 answers you simply can't find in other 646-588 courses.
- \* All of our tests are easy to download. Your file will be saved as a 646-588 PDF.
- \* Cisco 646-588 brain dump free content featuring the real 646-588 test questions.

Cisco 646-588 Certification Exam is of core importance both in your Professional life and Cisco Certification Path. With Cisco Certification you can get a good job easily in the market and get on your path for success. Professionals who passed Cisco 646-588 Certification Exam are an absolute favorite in the industry. If you pass Cisco 646-588 Certification Exam then career opportunities are open for you.

Our 646-588 Questions & Answers provide you an easy solution to your Cisco 646-588 Exam Preparation. Our 646-588 Q&As contains the most updated Cisco 646-588 real tests. You can use our 646-588 Q&As on any PC with most versions of Acrobat Reader and prepare the exam easily.

**Question: 1**

Which security protocol is both an inherently flawed, one-way, device-centric form of authentication and a 40-bit encryption key?

- A. Secure Socket Layer
- B. Hypertext Transfer Protocol over Secure Socket Layer
- C. Secure Shell Protocol
- D. Wired Equivalent Privacy

**Answer: D**

**Question: 2**

When building an IT case for Company.com, you must address security in addition to which three other customer needs? (Choose three.)

- A. Cost-effective network
- B. Easy installation
- C. Flexibility
- D. Increased productivity
- E. Interoperability
- F. Scalability

**Answer: B, C, E**

**Question: 3**

What is the best description of the Cisco Unified Wireless Network?

- A. It enables public sector agencies to deploy a secure, scalable, broadband network that integrates wired and wireless IP infrastructures, delivering network intelligence and applications for mobile users across a city.
- B. It is a powerful solution for enterprises that want to combine the best elements of wireless and wired networking to deliver scalable, manageable, and secure wireless LANs with a low total cost of ownership.
- C. It uses a single network infrastructure for the transmission of data, voice, and video traffic, delivering the business benefits of a converged, wireless network to enterprise-level organizations.
- D. It is the only unified wired and wireless solution for service providers in the industry. It is cost-effective and addresses the WLAN security, deployment, management, and control issues facing service providers today.

**Answer: B**

**Question: 4**

What are the three best responses to a director of a healthcare facility whose primary concern is mitigating risks, such as medical record errors, malpractice suits, and poor bedside care? (Choose three.)

- A. A Cisco WLAN enables real-time tracking of important equipment, supplies, and key personnel.
- B. A Cisco WLAN minimizes the risk of errors by automating tracking of medications, supplies, and personnel.
- C. A Cisco WLAN can extend to each patient room, allowing tracking of patient information at the bedside at all times.
- D. A Cisco WLAN enables patient medication to be tracked at the bedside, which minimizes the risk of errors in dosage or identification.

- E. A Cisco WLAN can be used to monitor vital signs in each patient room. This would reduce the cost and time of manual tracking.
- F. A Cisco WLAN can ensure secure intrusion protection throughout the hospital campus.

**Answer: B, C, D**

**Question: 5**

Which Cisco technology can be used to create a detailed wireless LAN design, including access point placement, configuration, and performance estimates?

- A. Cisco Network Admission Control Appliance
- B. Cisco wireless location appliance
- C. Cisco wireless LAN controller
- D. Cisco Wireless Control System

**Answer: D**

**Question: 6**

What are three capabilities of a wireless LAN? (Choose three.)

- A. Provides wireline equivalent security
- B. Makes cabling obsolete
- C. Interacts with wired LAN systems that are already in place
- D. Communicates with repeater access points
- E. Requires little to no centralized management
- F. Boosts productivity by up to 10 percent

**Answer: A, C, D**

**Question: 7**

Cisco offers a variety of options for installing or improving network security on the WLAN. Which two recommendations should be made to a customer who wants a Cisco WLAN security solution? (Choose two.)

- A. Enable Wi-Fi Protected Access functionality for encryption
- B. Enable Triple Data Encryption Standard functionality for encryption
- C. Deploy 802.1x for 802.11 standards for authentication
- D. Deploy a Service Set Identifier for authentication
- E. Deploy a Wireless Equivalent Privacy for authentication

**Answer: A, C**

**Question: 8**

Which two vertical segments actively use the adoption of 802.11 technology as a competitive differentiator? (Choose two.)

- A. Education uses the adoption of 802.11 technology to attract more students. Wireless networking creates a competitive advantage over schools and colleges that cannot provide access anytime, anywhere.
- B. Government uses the adoption of 802.11 technology to attract more residents to individual localities. Wireless networking creates a competitive advantage over municipalities that cannot provide access anytime, anywhere.

- C. Healthcare uses the adoption of 802.11 technology to attract more patients. Wireless networking creates a competitive advantage over hospitals that cannot provide ready access to patient data.
- D. Hospitality uses the adoption of 802.11 technology to attract more guests. A wireless network attracts tradeshow exhibitors and conference coordinators, and it increases customer loyalty for hospitality and hotel establishments.
- E. Retail uses the adoption of 802.11 technology to attract more customers. Wireless networking creates a competitive advantage over stores that cannot provide accuracy of inventory and pricing.

**Answer: A, D**

**Question: 9**

Which method was devised to mitigate the 802.11 security issues and requires the next-generation Advanced Encryption Standard?

- A. Temporal Key Integrity Protocol
- B. Wired Equivalent Privacy
- C. Extensible Authentication Protocol
- D. Wi-Fi Protected Access 2

**Answer: D**

**Question: 10**

Which three facts can be used to correctly describe the proven customer track record of Cisco Systems? (Choose three.)

- A. Cisco has more than 70,000 Cisco wireless LAN customers worldwide.
- B. Cisco has deployed more than 2.1 million Cisco access points worldwide.
- C. Cisco has deployed the second-largest wireless network, with 5,000 dual-band access points.
- D. Cisco has been ranked as one of the top global providers of wireless LAN solutions by InformationWeek 500.
- E. Cisco has received two IEEE Corporate Innovation Recognition awards.
- F. Cisco has developed products that are used by 95 percent of Fortune 500 companies.

**Answer: A, B, F**

**Question: 11**

When implementing a WLAN for healthcare markets, which three benefits will increase the return on investment? (Choose three.)

- A. Wireless connectivity improves the speed of patient check-in and check-out.
- B. Bandwidth and QoS are primary considerations for healthcare markets.
- C. Secure Cisco WLANs allow staff to access medical records while roaming throughout the campus.
- D. Wireless LANs can provide rogue detection and containment.
- E. WLAN controllers provide secure connectivity to ensure the integrity of patient medical records.
- F. Wireless LANs can reduce the cost and increase the quality of patient bedside care.

**Answer: A, C, F**

**Question: 12**

Which three benefits impact manufacturers that are adopting Cisco WLAN solutions? (Choose three.)

SAMPLE EXAM

### Pass4sure \$89 Lifetime Membership Features;

- Pass4sure \$89 Lifetime Membership includes Over **2100** Exams in One Price.
- **All** Pass4sure **Questions and Answers** are included in \$89 package.
- **All** Pass4sure audio exams are included **free** in \$89 package (See List).
- **All** Pass4sure study guides are included **free** in \$89 package (See List).
- **Lifetime** login access, no hidden fee, no login expiry.
- **Free updates** for Lifetime.
- **Free Download Access** to All new exams added in future.
- Accurate answers with **explanations** (If applicable).
- **Verified answers** researched by industry experts.
- Study Material **updated** on regular basis.
- Questions, Answers and Study Guides are downloadable in **PDF** format.
- Audio Exams are downloadable in **MP3** format.
- **No authorization** code required to open exam.
- **Portable** anywhere.
- 100% success **Guarantee**.
- **Fast**, helpful support **24x7**.
